BERKELEY POLICE OFFICER GIVES FIERCE BATTLE TO BOLD BURGLAR

WOMAN GAVE THE ALARM

Policeman Fired Five Shots, but Fleet-Footed Thief Got Away.

BERKELEY, July 7.—Five shots fired at an unknown man who was seen coming out of the grocery store of D. R. Schaeffer last night armed with a lot of groceries in his possession, failed to stop the fellow and he made good his escape, leaving behind him his hat and coat filled with the loot.

WOMAN GIVES ALARM.

It was shortly after nine o'clock that a woman passing the grocery store of Schaeffer's on the corner of Vine and Walnut street saw a dark lantern in the place. She at once notified Special Officer George Barff, who was making a round of the stores in that section. The officer approached the place just in time to see the thief depart with his pockets full of groceries and carrying in his hand a gunny sack. Barff ordered the man to stop.

The burglar made no reply but hurhurried down Walnut street.

OFFICER FIRES.

After commanding him three times to halt the officer whipped out his revolver and fired five shots at the man in rapid succession. With a bound the man with the sack scurried to cover in the yard of M. L. Hanscom, 1525 Walnut street. Throwing off his coat and dropping the sack containing walnuts, he ran through the yard and was lost to sight.

THIEF ESCAPES.

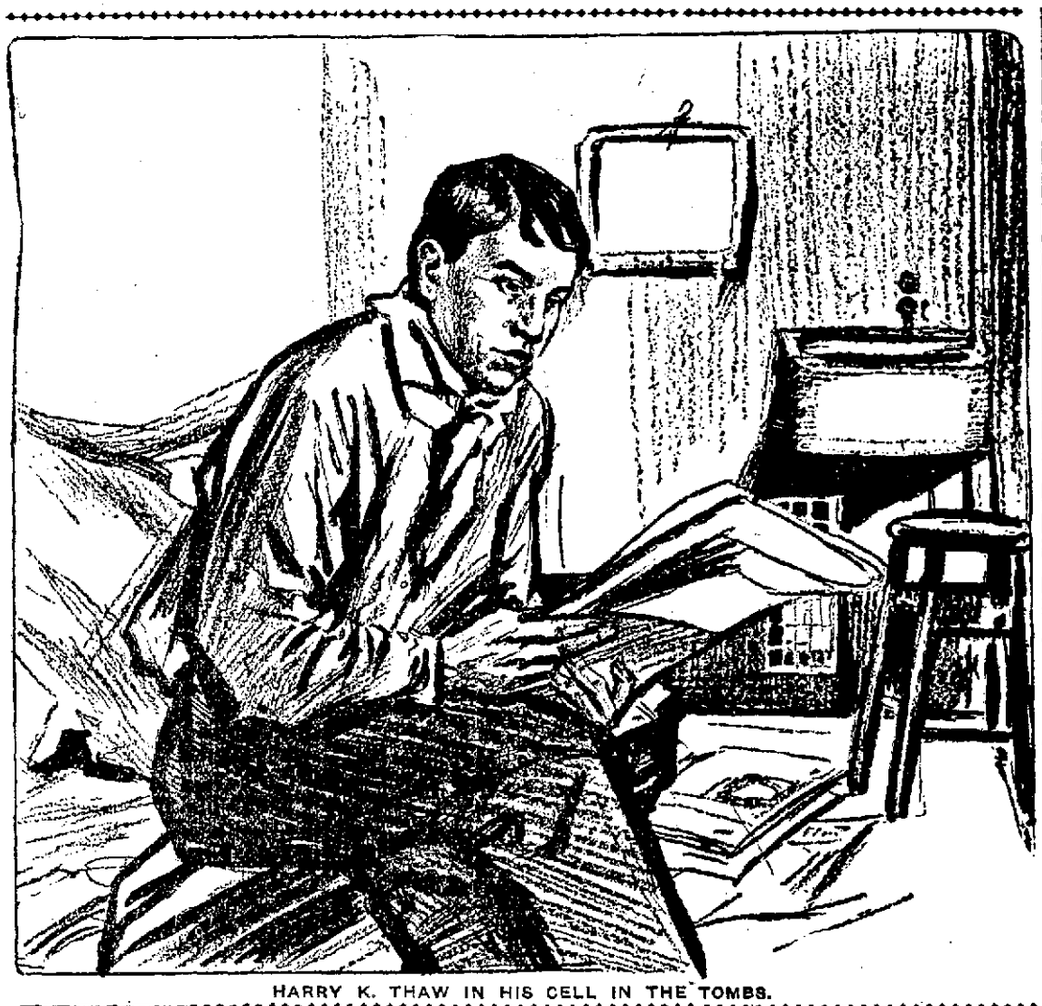

The officer followed in his tracks, but the man had too much of a start and Barff could not find him He telephoned to the police station and Special Officer George Laugel ran to the scene of the robbery in North Berkeley. Town Marshal Vollmer also rushed to the place on a wheel, but when the officers arrived they could not discover the whereabouts of the man who had entered the store, although the neighborhood was thoroughly searched.

On examination of the man's coat, which was of a mixed gray material, it was found to be specially lined for the occasion. Inside the garment were two huge pockets, one on each side of the front. They were large and roomy and could contain a large amount of plunder. The pockets had been recently made, and evidently by the man, as the sewing was crude and coarse. Two large pockets occupied the entire outside of the coat.

The thief left in his hurried departure besides, the fifteen pounds of walnuts. In the coat were found five bottles of catsup, one bottle of grape juice, a loaf of bread and three squares of butter.

One strange feature of the robbery was the fact that D. R. Schaeffer, the owner of the store robbed, telephoned to the police station this morning and said that when he reached his store this morning it was locked and apparently as secure as usual. Schaeffer could offer no explanation of this fact.

The police are working on the case today, but as yet have not run across any clue that will lead to the identity of the man who burglarized the place last night.

HARRY K. THAW IN HIS CELL IN THE TOMBS.

MISSIONARIES ARE WORRYING MRS. HARRY THAW AT THE PRISON

NEW YORK, July 7.—Woman missionary workers in the Tombs were requested today not to annoy Mrs. Harry K. Thaw when she makes her daily vi to the prison to see her husband. One of Thaw's counsel told the warden that he does not care to take the chances of spies for the prosecution coming in contact with Mrs. Thaw by representing themselves as missionary workers.

Dr. Allen McLane Hamilton, the alienist, who made an examination of Thaw yesterday, for the defense, called on Thaw again today. Mrs. Thaw called upon her husband before the alientist left. Mrs. Mrs. Thaw entered the prison she was surrounded by women missionaries who greeted her cordially and accompanied her up the stairs. It was when one of the attorneys for the defense, who chanced to be present at the time, saw the party going through the corridor that the protect was made to the warden.

Afterward, in speaking of the mental examinations which have been made by Dr. Hamilton, Mr. Manks said:

"So far as it has proceeded, the examination has been absolutely satisfactory to the defense."

NO REASON FOR THE ASSAULT

Police Puzzled Over the Attack on H. G. Langeuter.

SAN FRANCISCO, July 7.—As the result of a terrible beating at the hands of unknown persons, H. G. Langeuter, a real estate solicitor in the employ of the Ewing Real Estate Company, lies at the Central Emergency Hospital in a precarious condition, while the police are searching for a man and a woman who are thought to have been implicated in the assault.

NO REASON.

Neither the victim nor the police can assign a reason for the terrific beating, which took place in one of the cars in the district known as Carville. The face and body of Langeuter show that he was beaten and kicked into insensibility. His face was reduced to a bloody pulp. The car floor was covered with blood from one end to the other, giving evidence of the fierceness of the struggle. Detective Mathewson found the photograph of a man and woman on the car seat. It was spotted with blood.

THE ONLY CLEW.

This is the only clew which the police have to work on.

Who the woman and the man are Langeuter professes not to know. In fact, he professes the densest ignorance concerning the whole affair. All that he knows is that he was beaten into insensibility and finally taken to the hospital.

The police believe the woman in the case can give the explanation of the terrible beating, which almost ended in murder, and they are looking for her. There is something mysterious in the case, and the mystery centers about the woman. Just how the real estate man came to be in the car he is unable to explain. The police think from his statements that he was probably decoyed there by the woman and beaten by the man. Robbery was not a motive, as the victim's money was not touched.

The police will make a complete investigation of the scene of the fight this afternoon in the hope of gaining additional clews.

DENVER IS AFTER RASCALS

Grand Jury Will Take Up the Late Election Frauds.

DENVER, July 7.—District Judge John I. Mullins, sitting in the criminal division of the district court, today made an order calling a grand jury to investigate all city and county offices "and such others as may be submitted to the jury." Declaring both the sheriff and coroner to be interested in the investigation, the court appointed special elisors to draw the jury.

The grand jury will investigate the offices of the district attorney, the sheriff, coroner, treasurer and assessor and the conduct of these officers in connection with the alleged frauds at the recent election.

Judge Mullins did not today set aside District Attorney George Stidger, but it is understood will do so when the grand jury is empaneled.

Before calling the grand jury, Judge Mullins in a lengthy statement reviewed the proceedings in his court in the petitions of the League for Honest Elections for the appointment of a grand jury to investigate alleged franchise frauds at the city election and for the removal of the sheriff, coroner and district attorney. He said:

"The showing of the Honest Elections League was such as to warrant the court in finding that the grossest frauds were committed on election day of May 15th last; that a bold and brazen attempt was made to steal the election and on the face of the returns succeeded, by debauching of the ballot box and the corruption of public officials, in stealing valuable assets of the community; that public officials charged with the ferreting out of crime and the punishment of criminals were either parties to this outrage or were so negligent in the discharge of their duties as to make them particeps criminis."

Judge Mullins announced that he would hold in abeyance the petition of the Honest Elections League's attorneys for leave to withdraw their request for a grand jury, as the Supreme court had issued a supersedeas in that case. He called the grand jury on his motion.

"I do not desire to appear as flying in the face of the writ issued in the recent case," said Judge Mullins, "but as I understand the law, the supersedeas in the league case is only conclusive as to that particular case."

The call for a grand jury is returnable next Thursday. Attorneys for the corporations whose franchises are attacked assert that Judge Mullins has violated the intent of the Supreme court's order, and it is understood they will appeal to Chief Justice Gabbert to take action in the matter.

GIRL RACES A BURGLAR

Bogus Plumber Enters House and Maiden Effects His Capture.

SAN FRANCISCO, July 7.—Through the pluck of Miss Mattie Emerson, a young lady well along in her 'teens, who resides with her parents in a flat at 646 Cole street, August Schetzer, a bogus plumber, will have to face a charge of burglary.

He called at the house yesterday, represented himself to be a plumber and gained admission to the house. The fact that he did not have any tools with him aroused the suspicions of the young lady and her mother. They watched him through a window, and state they saw him gather up several small articles of value.

He became aware that he was being watched and started to run. Miss Emerson took after him and proved just as fleet as he. Down the steps, across the street, and through the Panhandle of the park, the alleged burglar and the fair young girl raced. The faster the fleeing man moved the more fleetly did the feet of Miss Emerson fly.

POLICEMAN JOINS.

The unusual race attracted the attention of Policeman Thomas F. Guest. He joined in the pursuit and proved the faster of the three. He captured Schetzer and landed him in jail on a charge of burglary. He was arraigned in Police Judge Conlan's court, and his case set for hearing for next Tuesday.

The young lady who affected the capture of the alleged plumber is just budding into womanhood and had sufficient youth and athletic ability to race on more than equal terms with the man who was spurred on by a desperate desire for liberty. Just what Miss Emerson would have done with the burglar had she caught him, she says she does not know.

STOCK BROKERS WILL MOVE TO AVOID TAX

NEW YORK, July 7.—The group of outside brokers who make a specialty of low-priced mining stocks in the Broad street market will be depleted next week. Some of the traders have hired quarters in Jersey City to carry on their business out of reach of the amended stock tax law.

The act obliges them to pay a transfer tax of two cents on every share of stock sold regardless of its par value or the price at which the stock sells in the market. The brokers have suffered most because some of the stocks sell at "cents per share," and the tax will amount to a considerable percentage of the market value, and prohibit buying and selling.

A Baby's Taste guided to Grape-Nuts

A minister says: "A few days ago an incident occurred in my home that may interest you.

"Our baby boy, a fine specimen of two years and three months old babyhood, was brought down stairs immediately after he awoke.

"He was teething, and had eaten but little food for two or three days, and had to be coaxed to do that. On this particular morning his first request was for Grape-Nuts, of which he is very fond. His mother had some cornmeal mush cooked, and served him with that instead, but after he had looked at it for a moment, he pushed it away indignantly, saying, 'I don't want that; I want Grape-Nuts.' He would not be satisfied until Grape-Nuts was served to him, which he ate with evident enjoyment. We were interested in his discrimination, and you will doubtless appreciate the boy's taste."

Probably no food in existence—not even excepting the very best prepared baby foods—is as well adapted to the use of infants as Grape-Nuts, well-soaked in warm milk.

It contains the elements required for building the bones, also the gray matter in the nerve centers. A child or an adult fed on Grape-Nuts will show marked improvement in physical and mental ability. Many of the elders testify to the removal of physical ailments by abandoning portions of the food that have been in use, and taking up Grape-Nuts regularly.

Sold by grocers everywhere, and made at the pure food factories of the Postum Cereal Co., Ltd., Battle Creek, Mich.

TRYING TO STOP AN EPIDEMIC

One American Dies From Cholera in Forty-eight Hours.

MANILA, July 8.—The cholera situation remains unchanged. Joseph McDermott was the only American who died in the last forty-eight hours. The health authorities believe that the next three days will be the crucial time and that if the extent of the disease is confined to its present proportions an epidemic is unlikely. General health conditions have been improved and the Mariquina water supply, which has been contaminated, is guarded by regular troops.

TALK ON IBSEN.

"Ibsen and the Modern Drama" is the title of a lecture to be delivered next Sunday evening at Telegraph Hall, 628 Telegraph avenue near Twenty-first street. The speaker, J. J. Noel, is an Oakland newspaper man, and the dramatizer of Jack London's out-of-the-ordinary novel, "The Sea Wolf." He has made a study of the plays of Ibsen, who may be said to have been one of the most apprehensive and penetrating observers of modern times, who thought the morbid as real as the healthy, the unconventional as the conventional; and that whatever is, may or may not be right, but it is. After the lecture, the speaker will answer questions pertinent to his topic, and this part of the program will be followed by a general discussion. Admission is free.

WON HIS PATIENT

Romance That Started at Hospital Ends at License Office.

A romance not equalled in the strenuous times following the earthquake and fire in San Francisco, came to light today through the marriage of Peter C. Leake and Miss Bessie M. Stone, both of San Francisco, by the Rev. William N. Van de Mark, the deputy county assessor of this city.

Their marriage is the result of the oft told tale of love at first sight, and the love of a patient for the nurse who had faithfully been in attendance during times of stress and illness.

Miss Bessie M. Stone, as the tale goes, is said to be a teacher of painting, her studio having been on Kearny street prior to the fire across the bay. She was overwrought by the disaster and was obliged to seek medical attention. As the fire burned its way across the city, Miss Stone, it is said, was moved from one hospital to another and finally found herself a patient at the general hospital at the Presidio.

She fell under the care of Leake, now her husband, and a nurse at the hospital, and from the first a feeling more than of friendship sprang up between them. As she became convalescent and was about to take her departure from the hospital, Leake pressed his suit and obtained the consent of the woman of his choice to become his wife.

Yesterday they came to Oakland and last evening the license was issued. They sought the services of Mr. Van de Mark and were soon wedded. They immediately took their departure for San Francisco. Leake left instructions to have his license, after it was filed, sent to "Peter C. Leake, private, First Class, at the Presidio General Hospital."

REGISTRATION WILL BE BIG

Fifteen Thousand More Votes Than Two Years Ago Expected.

Despite the fact that the registration office carried on but little business for six weeks after the recent disaster in San Francisco, between 12,000 and 13,000 voters have been registered up to this time, a record equal to that of two years ago, when there was nothing to interfere with the routine work of the office.

That there is now a most competent corps of clerks attending to registration matters is evidenced by the rapid work being done. For many days after the earthquake there were many voters who had not decided on future residences, and many who had been, as they thought, permanently located, were undetermined where their legal residence would be. This necessitated energetic effort on the part of the registration clerks, who have constantly been calling the attention of the voters to the necessity of registering this year.

According to County Clerk John P. Cook, the registration this year will be far in excess of any heretofore recorded in the history of the county. It is expected there will be at least 15,000 more voters registered than two years ago, not including the expected normal increase.

NO ONE WANTS BOY

Willis Miller, Who Has Been Cast Off by Mother, Still Homeless.

Four families have been considerably mixed in regard to the relationship existing between them through the finding of twelve-year-old Willis Earl Miller by Mrs. Minnie Hennessy on her door step in San Francisco when he was but four days old.

For twelve years Mrs. Hennessy, who at the time of finding the boy was Miss Minnie Drossel, has posed as his mother both to the child and to his relatives, and for twelve years she has kept her secret. Owing to this, William J. Foltz of Fruitvale and his wife were of the opinion that they were the aunt and uncle of the boy, as Mrs. Folts was a step-sister of Mrs. Hennessy. Mrs. Alma Miller, the real mother of the child, knew of its existence, but did not mention the fact o fits birth when she was married a second time to James Miller, captain of the coastwise schooner Ellen. Mrs. Elsie Henry of 1364 Ninth street, who no whas the child in her custody, was tangled as to the facts surrounding the case, but her testimony before Superior Judge Harris given during the hearing for a petition for letters of guardianship over the boy, filed by Mrs. Hennessy, tended to show beyond a question of doubt that Mrs. Alma Miller was the boy's mother.

The petition has come up for hearing before Superior Judge Harris on three different occasions, but owing to the tangle which has repeatedly presented itself over the existing relationships, the case has ben postponed from day to day and more will be heard concerning the perplexing question on Monday.

MUCH RELATED.

From the day the boy first discovered that Mrs. Hennessy was not his mother, the facts of which were published exclusively in the columns of THE TRIBUNE, much has developed to show that young Miller is a much related youth. To start in from the beginning, it is now known that Willis Miller was taken to the juvenile ward in the Receiving hospital, where he was to be detained during the hearing of the Hennessy petition. He was told at that time that he was a "doorstep child" and that Mrs. Hennessy was not his mother. He naturally then supposed that he was an orphan. But Mrs. Henry proved this to be false when she testified that the boy's mother was living in Alameda with her second husband. It was also stated in court that Mrs. Foltz, the boy's "aunt," was willing to take charge of the boy rather than have him sent to an institution. But when Mr. Foltz, a dealer in musical instruments, was called to the stand, he was of the opinion that Mrs. Folts had never expressed herself in the matter. He said he always supposed that his wife was the boy's aunt, owing to her relationship to Mrs. Hennessy, but since it was discovered that Mrs. Hennessy was not the youth's mother, he didn't know what steps to take. He promised Judge Harris that he would appear in court on Monday morning and give a decided answer as to whether they would care for the boy. With this understanding the case went over to Monday.

JUDGE REBUKES MOTHER.

When Mrs. Miller was called to the stand late yesterday afternoon in answer to a bench warrant which had been issued, she testified as follows:

"Before my child was born I had an understanding that the Hennessy family would care for it. When it was four days old they took it, but when I asked Mrs. Hennessy about the child later she said he had died. Since that time I paid no attention to the matter and never told my second husband about my third child. Even if I knew this was my boy, I would not want him, as I have all I can care for now."

"You lack even the maternal instinct of a dumb beast," said Judge Harris, in reply, "and I only with the laws were such that I could properly punish you. You are not worthy the name of mother. There seems a decided disposition to cast this helpless youngster adrift. It is a critcal period in his life, and when I hear you, the mother, say you do not want the child, my judicial anger is aroused and I cannot speak too harshly of your actions. You may step down from the stand, but I tell you if it were in my power you would remember this visit of yours to the court for some time to come."

WEPT BITTERLY.

So ended the matter so far as the court was concerned yesterday. Mrs. Henry said she would care for the child pending the action of the court

NO DESIGN ON KAISER

Seattle Man, Thought to Be Anarchist, Says He Is Innocent.

ALTONA, Prussia, July 7.—August Rosenberg, formerly of Seattle, Wash., who was arrested here July 3, as a suspected anarchist, affirms that he is an American citizen who sold his property in Seattle and sailed here with the intention of passing the remainder of his life in the village of Lustjenburg, where his wife was brought up. His wife, who was arrested at the same time, has been liberated.

her to her home. Young Miller wept bitterly when he was leaving the court house, saying, "Nobody wants me, nobody wants me. What can I do? What shall I do?" His tears were dried by Mrs. Henry, who has sincere sympathy for the child who finds himself in such a perplexing situation.

When young Miller was first taken to the juevnile ward in the hospital, he told how Mrs. Hennessp had at one time been a patient in the hospital, having taken carbolic acid, presumably with suicidal intent. This story has reached the ears of Judge Harris and it is said that the Hennessy petition for guardianship will not be granted. It has since developed that Mrs. Hennessy has attempted to take her life on more than one occasion. After giving her testimony in the case on Friday, she took her departure for Seattle, presumably to return at a later date.

WANTS SCHOOLING.

So the lad, whose existence has so unexpectedly broken up old and created new relationships, is at a loss to know what disposition will be made of his case. He strenuously objects to being sent to any home of correction, saying that he was at one time in such an institution in San Francisco. He seems willing to go to school and as he is not of a bad dispostition, except that he is in the habit of staying away from home until late hourse, it is presumed that he will find a home either with Mrs. Henry or with Mrs. Foltz, who, up to yesterday, supposed she was the child's aunt.

UNDUE INFLUENCE THE ALLEGATION

Attorney R. C. Staats of Berkeley filed last evening with the county clerk a contest to the will of the late Charles Schnelle, who died on June 28, 1905, leaving practically all his property to his daughter Mary. The contestants are Anna Offe and Lena Socker, step-daughters of the deceased, who claim that the daughter, who is the executrix of the will, used undue influence and took advantage of his weakened mental condition inducing him to sign the document. The estate, which consists of real estate in Berkeley, is valued at $13,000.

The Office Boy and Another Letter from his Boss.

New York, July 4th, Himmelstein's Roof Garden.

Dear Bill:—If I could just get one whiff of California air I would give $10.00. Say this climate is simply rotton—so hot you can't hardly breathe the air, that wet, sweaty, sticky heat where your clothes cling to you like a porous plaster. I will get away from here just as quick as possible and run over to Baltimore and see if I can buy those straw hats you need so badly. Tell Carl that his hat reports are corkers. I never could believe we could do such a hat business. It's simply great. You should have received the outing suits by now (or did they come in yesterday) and I guess that's all you will get.

Tell Dave that I bought the pongee shirts and shipped them by W. F. & Company rush—all grades and about eighteen dozen altogether. Will go home via Cincinnati, St. Louis, K. C., and Denver, as I want to be there for the Elks' convention. Well, good bye, don't write any more as I will be on my way home and when I get there you will see things get busy. Your loving Boss,

ANIMALS IN PANIC

Elephants Escape From a Circus During Violent Storm.

DENVER, July 7.—A special to the Post from Idaho Falls, Idaho, says that a severe wind storm yesterday stampeded the elephants of the Sells Floto show, and a serious panic was narrowly averted. A part of the big tent was blown down, but the audience escaped in safety. Later the wind went down and the performance was continued. Meantime five of the stampeded elephants ran crossfileds to the Snake river, where they jumped down a twenty-foot embankment into the rapids. Some of them were carried far down th stream before they were rescued.

HUSBAND HAS DISAPPEARED

Wife Fears That He Has Committed Suicide Through Despondency.

Fearing that her husband, Joseph J. Rogers, a plumber, who for some time past has been despondent because of financial difficulties, has taken his own life, Mrs. Bessie Rogers this morning sought the aid of the police asking that a search be made for the missing man, who disappeared last Thursday.

Rogers left his home on Louisa street, to come to town, and since that time his wife has been unable to find any trace of him. She fears that he has become despondent through brooding over his trouble and has taken his own life, or else has left the city to escape further difficulty.

The missing man is 26 years of age, and is 5 feet 6 inches in height, weighing 140 pounds. He is of dark complexion, and is smooth shaven. Rogers is of Portuguese parentage, and when last seen, wore a blue suit, and a black pancake hat. Since her husband's disappearance, Mrs. Rogers has been residing at the home of Mrs. Breen, on Milton street, near San Pablo avenue.

I'd prefer porterhouse, because it makes a strong meal, or sirloin because it's a gentleman's cut, or a filet because it's so filling, or a tenderloin because it fills you with sentiment, or a tea-bone because you can pick the bone over your tea and temper the rest to the oak—but to avoid any bouts of examination, think of Lohnhardt before you go home with the steak. Saving is Education

It is no use trying to train a tree after it has reached maturity. You must begin with the sapling.

It is equally useless to expect a grown person to develop thrift if they have been brought up carelessly. Teach a child to save pennies and their appreciation of the value of the saving habit will increase with coming years. Let the little ones get little banks from us and lay the foundation for an after-life free from financial worry.

PRESIDENT WHEELER SAYS EASTERNERS ARE SKEPTICS

University Head Returns From Trip and Tells of Queries as to Burned City's Future.

BERKELEY, July 7.—President Benjamin Ide Wheeler of the State University returned last night from the East, after an absence of nearly a month. One of the objects of President Wheeler's visit to the East was on business connected with the relief work in San Francisco. He went to Washington and conferred with President Roosevelt regarding the relief measures required in San Francisco. In this work he acted with Judge Morrow and other members of the California delegation who went to Washington in the interests of San Francisco.

President Wheeler issued the following letter this morning:

"I have spent seventeen nights in sleeping cars since I left California about four weeks ago. I attended the Columbia commencement and the commencement of my alma mater at Brown University, visited Boston, interviewing some of the candidates for positions here. The teachers of Boston, through Principal W. C. Boyden of the Boston Normal School, placed in my hands $2,078.90 to be used for the aid of teachers in San Francisco brought into distress through the fire. I was twice in Washington in the interest of the proposed legislation for the relief of San Francisco. I made a trip to Indianapolis to lecture before the Irvington Athenians. I spoke on the subject 'San Francisco and its Future,' treating the subject in the light of the geographic position of the city and the character of its people. I spoke on a similar topic also at Columbia University at the Alumnae gathering, commencement afternoon.

IN WASHINGTON.

"We found in Washington disinclination on the part of Congress to legislate specifically regarding San Francisco. Men, I think, were afraid of the precedents that might be involved. The plan which was worked out whereby relief is to be given through the Secretary of the Treasury seems to me good. There is the warmest possible sympathy with the city and the state in its distress. I must confess that throughout the East I found the full and established opinion that San Francisco could scarcely be rebuilt at least in the near future. Everyone admires the pluck of the San Franciscans, but is inclined to believe that it is mostly pluck without much hope of realization. Everyone asks: 'Have they really started any prominent buildings?' 'What are they really doing to show that the city is to be rebuilt?' I think it very desirable that out of its resources San Francisco should make a beginning. The men who have been trying to induce Wall street to make a beginning have found grave difficulties confronting them.

APPOINTMENT OF BROWN.

"The appointment of Elmer E. Brown as United States Commissioner of Education in succession to Dr. W. P. Harris, is certainly a compliment to California. That the head of the federal system of education should be chosen from California would seem to intimate that something has been going on in California that can fairly be recognized as of the standard variety in education. Dr. Brown was appointed simply because the place came to him by a sort of natural right. He is the only man who has given the most special atention to the history of the development of American education. He is a great loss to the University of the State, to the state particularly in his connection with the State Board of Education."

MIZNER TO MEET HIS WIFE

SAN FRANCISCO, July 7.—Wilson Mizner is going back to his wife—back to her middle-aged endearments, back to her fortune and back to the life of aimless luxury she leads. He, himself, is authority for the statement, and makes it clear that it is not "Mrs. Yerkes" to whom he is returning, but "Mrs. Mizner, my wife."

What has worke dthis revolution in his affections? Her recent critical illness? That absence which makes the heart, etc?

"There is no change in my affections," replies Mizner, "for there can be no reconciliation where there has been no estrangement. In a word, my marriage in the newspapers and my marriage in real life were very different things."

The young giant, who has followed such a spectacular course in recent sensationalism, leaves this city for Chicago and Mrs. Mizner within a few days, with a metaphorical turtle dove perched upon his broad shoulder.

MIZNER IN BED.

When a reporter called at the Majestic Hotel yesterday afternoon, Wilson Mizner sent down word that he was ill in bed and would rather not be seen unless the matter was important. As the matter was important to the the reporter, he was seen.

He occupies an apartment as luxurious as a city shaken by convulsion and bisected by fire can offer. He was sitting up in bed and chatting with his brother, Lansing Mizner, at the time.

HUBBY IS GOING BACK.

"Then you're in communication with Mrs. Mizner?"

"Oh, yes! I've been in constant correspondence with her ever since I came out here. In fact, I'm going right back there as soon as I get on my feet again. I've got a touch of indigestion, or something like that, but I'm going to leav as soon as I get out of bed. I shall probably start by the middle of next week."

"Then your trip to San Francisco was purely a trip of investigation?"

"Why, yes; I wanted to come out here and see the city and the folks—this is my home town, you know. I came here from New York. Mrs. Mizner was in Chicago at the time; or, rather, out of Chicago, for she had gone to the country for a little while on account of her health. I haven't seen her for some time, and I'm naturally anxious to get back."

WILL SUE FOR PEACE

Shipping Employers Ready to Submit Questions to Arbitration.

SAN FRANCISCO, July 7.—The United Shipping and Transportation Association is ready to sue for peace from the sailors whom they locked out and from those who went on a strike.

In a letter addressed to Mayor Schmitz, the steamship men state that they are ready to submit the question of hours and wages for the sailors to arbitration, but request the city's chief executive to write the owners asking for arbitration, so that it would not appear that they were receding from the position previously taken.

Mayor Schmitz has accordingly sent another letter to the steamship men, asking that they meet the sailors and attempt to adjust differences. It is probable that the striking sailors will meet their employers on next Monday, when the work of settling the strike will again be taken up.

POSSIBILITY OF A STRIKE

Employes of Pacific States Co. Demand Higher Rate of Wages.

A strike of the linemen employed by the Pacific States Telephone and Telegraph Company is among the possibilities.

The trouble hinges on the wage question. The linemen claim that the telephone company has reducted their pay and has also lengthened their hours of labor. At the labor union council hall yesterday it was said that a grievance committee appointed by the linemen's union to confer with the telephone company concerning wages and hours of labor had been refused an audience, and that all attempts to bring employers and men together had been futile.

The question was brought up Thursday night at the meeting of the central labor council, and after considerable discussion definite action was deferred until after the regular council meeting next Monday night. It seemed to be the consensus of opinion among labor men yesterday that an amicable agreement between the linemen and the company would be arrived at and a strike averted. However, if the men's demands are not granted a strike that will affect hundreds of men and will extend to distant districts will be promptly inaugurated.

The division manager of the Pacific States Telephone and Telegraph Company stated last night that so far as he knew there was no trouble between the linemen and the company. The man, he said, are getting the union scale of wages for an eight-hour day, with time and one-half for overtime. No grievance committee had waited upon him nor had he refused to see any delegates from the linemen.

DAMAGES FOR DEFAMATION

Attorney Ingraham Sues A. D. Binford For Sum of $6,000.

George Ingraham, an attorney of this city, today filed suit with the superior court against A. D. Binford for $6000 damages for alleged defamation of character. The complaint recites that in the month of December, 1905, the defendant, with Frank Howard and Patrick Taylor, owners of mining properties in Goldfield, Nev., were about to organize a mining company. They needed the services of an attorney and Howard recommended that the men employ Ingraham. To this Binford is alleged to have replied:

"Get anybody but Ingraham. I had dealings with him once and he robbed me."

Ingraham complains that because of this statement, his character, reputation and business have been damaged to the extent of the damages asked.

LOSES HAND BY EXPLOSION

As the result of an attempt to open an extra large firecracker, which presumably contained dynamite, with a hatchet, G. Thomas, a laborer, 39 years of age and residing with his family at 564 Fifteenth street, was obliged to submit to the amputation of the left hand above the wrist.

Thomas last night saw his son attempting to extract the powder from the firecracker, when he went to his assistance with the hatchet. He struck the explosive but a few strokes when it blew up with terrific farce. He sustained a compound, comminuted fracture of all the bones of the left hand and wrist and the mutilation of all the tissue on the member was complete. He was treated at the receiving hospital by Drs. Hamlin, Koford and Reinle and later was taken to Providence hospital, where he submitted to the amputation.

SAN FRANCISCO, July 7.—Mayor Schmitz announced today that there was nothing new in the situation along the water front. Andrew Furuseth, secretary of the sailor's union, was in conference with the mayor, but the result was not made public. Mayor Schmitz is still in secret communication with the shipowners and is sanguine that in a few days the strike will be a matter of the past.

He was attended by Dr. O. D. Hamlin.

ENDEAVORERS NAME OFFICERS

BERKELEY, July 7.—The main event of this morning's Christian Endeavor meeting held in the First Presbyterian church, was the nomination and election of state officers, and the selection of the next meeting place of the Christian Endeavor convention. It is to be held at Long Beach, Los Angeles.

The following state officers were elected for the next terms:

President, Paul C. Brown, Los Angeles; general secretary, Edward McKinley, Oakland; statistical secretary, Ernest Dawson, Los Angeles; treasurer, Erskin E. Esdon, San Francisco; first vice-president, Charles Cunningham, Sacramento; second vice-president, S. A. Sanderson, Long Beach; third vice-president George Flagg, San Diego; junior superintendent, Leo S. Rogers, Berkeley; intermediate superintendent, Miss Winifred Skinner, Pasadena.

Reports were read by Ernest Dawson, G. S. Brown, Paul C. Brown and Dr. A. S. Kelly, president. The president's report read in part as follows:

"I have no doubt but that every state president has had quite a part in the preparation of the convention program, but I have the distinction of being the only one who has had a great catastrophe added to the ordinary difficulties. Just as the disaster of April 18 has disturbed the lines of activity, so has it disturbed the work of the California Christian Endeavor convention and the preparation of our convention program. But through all the difficulties and through the tremendous strain put upon us by the disaster, there has predominated the Endeavor spirit. All honor to the earnest Endeavorers of Berkeley, who by their faithfulness and zeal have made this convention a possibility, and all honor to you throughout the state who have helped them do it."

GROUND TO BE BROKEN FOR OAKLAND'S PALATIAL TOURIST HOTEL EARLY NEXT WEEK

Site of New Hostelry Will Be on Western Shore of Lake Merritt, Where Fishing and Boating May Be Enjoyed in Middle of Winter and Where View of Unexcelled Beauty in Landscape Will Greet Guests at All Seasons of Year--Kahn Business Block in Course of Construction at San Pablo Avenue and Sixteenth Street--Atlas Gas Engine Company Forsakes San Francisco and Establishes Plant in Oakland.

"Have you any houses to rent?" asked a stranger in the hearing of THE TRIBUNE representative of a member of one of the leading real estate firms in this city, today.

"Not one," was the instantaneous response. There was something of annoyance in the tone of the answer which was afterwards explained to the TRIBUNE representative.

The inquirer, too, looked pained because he had evidently heard the same answer from a number of real estate dealers before.

"What I said," explained the realty dealer to the newspaper man, "was practicall true. I really have not got any kind of a house which it would be worth while to direct that man's attention to. There are fifty people in here every day looking for houses to rent and we have none to offer them. These people come from San Francisco and other places but we are unable to do anything for them. What becomes of them, I don't know. They all act as if they wanted to stay here, and I guess most of them do but it must be pretty hard for them to find quarters even in rooming-houses.

WANTED, HOUSE-BUILDERS.

"I tell you that the man or men who will put up a number of new houses here will make a fortune in a short time. We have inquiries every day for homes, stores and warehouses and we cannot supply the demand. We could lease them for five and ten years. Here is a chance to make money, and THE TRIBUNE cannot put this matter too strongly, because it is really an injury to Oakland to have no supply for this demand."

BUILDINGS GOING UP.

There is no gainsaying the truth of this dealer's declaration, because the newspapers have many queries every day asking for information as to where vacant houses may be found.

Despite this fact, however, there are houses going up but they are, in the main, being built by the people who are to occupy them. The number of houses which are being constructed for renting or speculative purposes is comparatively speaking, few and, as a consequence, there is still a dearth of habitations for new residents in this city.

In another column of this department of THE TRIBUNE will be found the building record for the present week. This shows quite an amount of activity in that line despite the fact that the office of the Board of Public Works, where building permits are issued, was closed all of the Fourth of July and on the afternoon of Saturday.

REALTY MOVING.

This week has been one of the busiest which local dealers have experienced in some time. There have been hundreds of queries for various kinds of property and hundreds of sales have been made. This is evidenced by the showing made in the daily transcript of records which is published in THE TRIBUNE. Not a day passes which does not witness all the way from twenty to fifty deeds filed for record. This shows activity in a more reliable manner than can be otherwise exhibited.

The Recorder's office, however, has other instruments to deal with, and the number of these taken into consideration reveals an activity in the real estate business which was never experienced before. Recorder Grim authorizes THE TRIBUNE to say that the month just closed was the most active he has ever experienced while he has been in office, and it has also been the most lucrative when the proceeds of the office paid into the treasury are taken under consideration. The number of instruments recorded was 3681, and the proceeds of the office, after all the exposes have been paid, was $2203.22, the largest ever paid by a recorder of this county into the treasury.

OLD COLLEGE HALL.

In another part of this department will be found a picture of College Hall, at the northeast corner of Twelfth and Harrison streets. This was formerly one of the buildings connected with the old California College, out of which grew the present University of California. It is soon to be torn down to make way for a row of business structures 225 feet long on Twelfth street, which are to be constructed by A. J. Snyder and C. M. Macgregor, the latter having been taken into partnership in the deal by Mr. Snyder, since the last reference to this subject in these columns.

LEASE FOR TEN YEARS.

In this connection it may be stated that, the Big Macgregor apartment houses at the northeast corner of Third avenue and East Sixteenth street have been rented by A. J. Snyder to T. Gordon, at a rental of $6000 per year. The lease is to run ten years. The apartments are to be furnished by Thomas Brilliant of San Francisco. This lease places the rental at about $4.60 per room per month.

THE LAKESHORE.

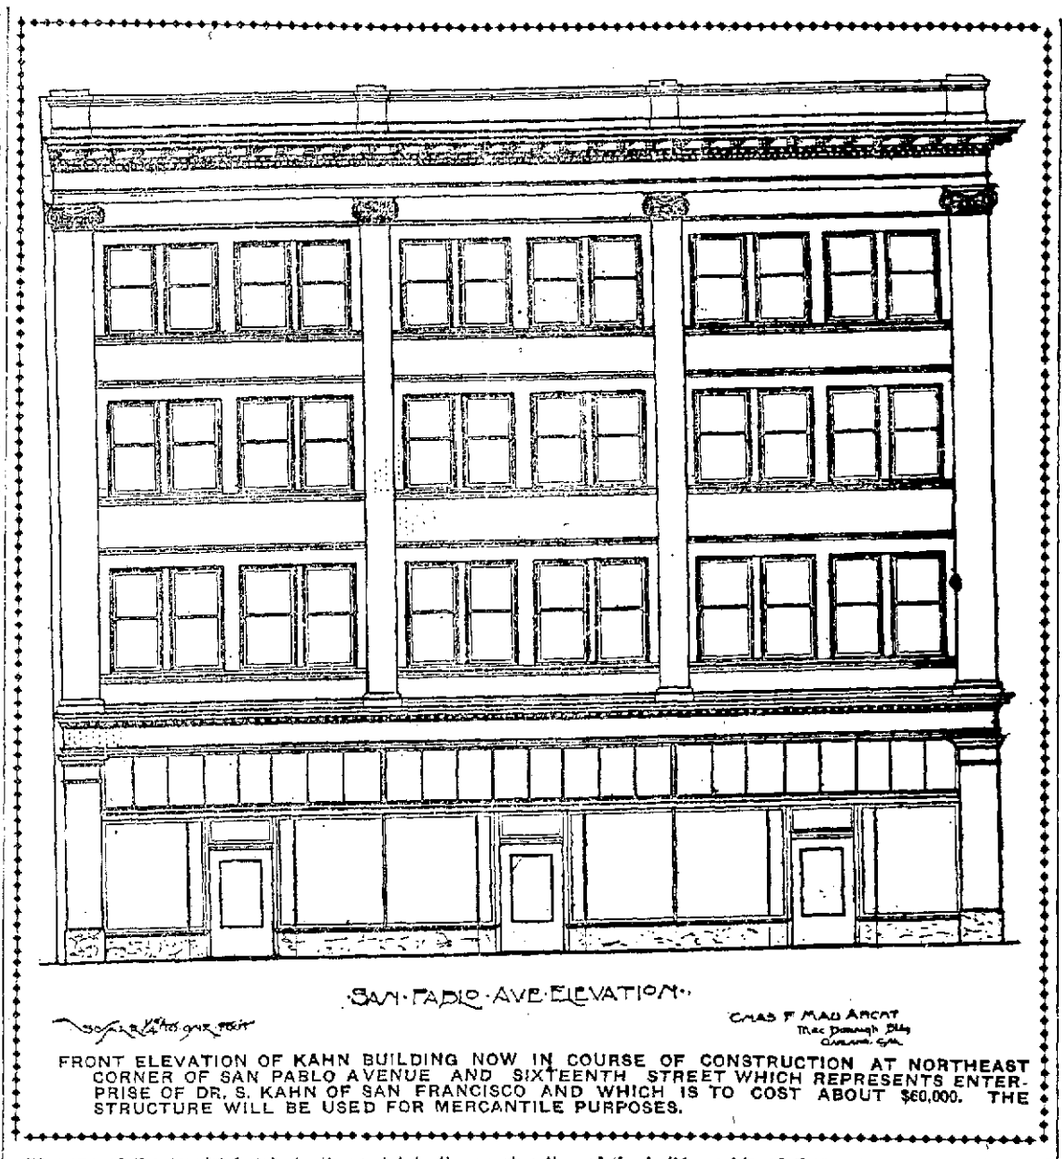

The certainty that the Lakeshore hotel is to be constructed in the vicinity of Thirteenth street, and the western shore of the lake has had an upward tendency on realty in the lake region, and especially along Thirteenth street because it is claimed that street will be the thoroughfare most used in going to and leaving the hotel. Some real estate men are inclined to the belief, however, that as soon as the car tracks are taken off that street and the cars are run on Twelfth street instead, Thirteenth street will be largely devoted to ladies' shopping.

Be that as it may, Charles Jurgens, who contemplates constructing a building at the southeast corner of Thirteenth and Franklin streets, has not as yet decided to what uses he will put the upper story of the same. At this time, he is inclined to the belief that the greatest revenue would be derived from apartments.

HOLDING PROPERTY.

The first move to acquire Thirteenth street property as a consequence of the new hotel project has not been successful. It was made with respect to the property at the northeast corner of that street and Webster, which has a frontage of 50 feet on the latter thoroughfare. It is owned by Hugh and Dennis Dimond. It was bought six years ago for $12,000. Today, the owners refused $28,000 for it, and said they would not sell it for less than $35,000.

Not long since the property at the northeast corner of Thirteenth and Harrison streets was bought for $13,500. It has a frontage of 60 and a depth of 160 feet. The present owner has refused $24,000 for it.

SAN PABLO AVE ELEVATION

FRONT ELEVATION OF KAHN BUILDING NOW IN COURSE OF CONSTRUCTION AT NORTHEAST CORNER OF SAN PABLO AVENUE AND SIXTEENTH STREET WHICH REPRESENTS ENTERPRISE OF DR. S. KAHN OF SAN FRANCISCO AND WHICH IS TO COST ABOUT $60,000. THE STRUCTURE WILL BE USED FOR MERCANTILE PURPOSES.

GROUND TO BE BROKEN FOR THE LAKESHORE HOTEL

The construction of a tourists' hotel on the west shore of Lake Merritt is now assured.

Ground will be broken for the structure next week and the construction of the hostelry will then be rushed with the greatest energy.

The projectors hope to be able to throw the structure open to the public by Christmas.

That will be a most opportune time to receive guests because there will then be thousands of people on the coast who will be seeking to avoid the rigors of Eastern weather. Here they will find summer weather where in their Eastern homes they would be huddled around fires, or shivering under the effect of blasts chilled by passing over expanses of snow and ice.

BOATING AND FISHING.

To heighten the effect of the almost tropical weather which here prevails during the Christmas season, the visitors will be enabled to take part in boat rides or indulge in the pastime of fishing, both of which are recreations which are available to people in the eastern part of the country only during the summer months.

The new hotel, or the Lakeshore, as it is to be called, has met with the liberal indorsement of every citizen who has given the subject any attention. It will be constructed by the Charles Newman Hotel Company. This company has displayed great business sagacity in being the first to undertake the project of building a tourist hotel on a large scale.

It has also shown excellent taste in the selection of the site because there is none which commands a more lovely prospect around Oakland than that on Lake Merritt. In addition to the loveliness of the lake itself, the guests will always have the hills to the north and northeast to delight the eye. With such a foreground and background, the visitors will have constantly before them a panorama the equal to which may be found in connection with none of the tourist hotels in the southern part of this state.

ACCOMMODATIONS.

The hotel will have a frontage on the lake of 184 feet and a depth of 380 feet. It will be located north of Thirteenth street and will be equipped with palatial apartments, parlors, billiard, reception, drawing, writing and dining-rooms, cafes, bowling-alley, roof garden and with every feature which enables the tourist to enjoy all the pleasures of modern up-to-date hotel life when away from the comforts of his or her own home.

The stock for the inception of the enterprise is being purchased in a liberal manner by citizens generally, $75,000 having been already sold. Fifty thousand dollars will be utilized in paying for the ground on which the structure is to stand, $150,000 will be put into the construction of the building, and $75,000 will be utilized in furnishing the structure.

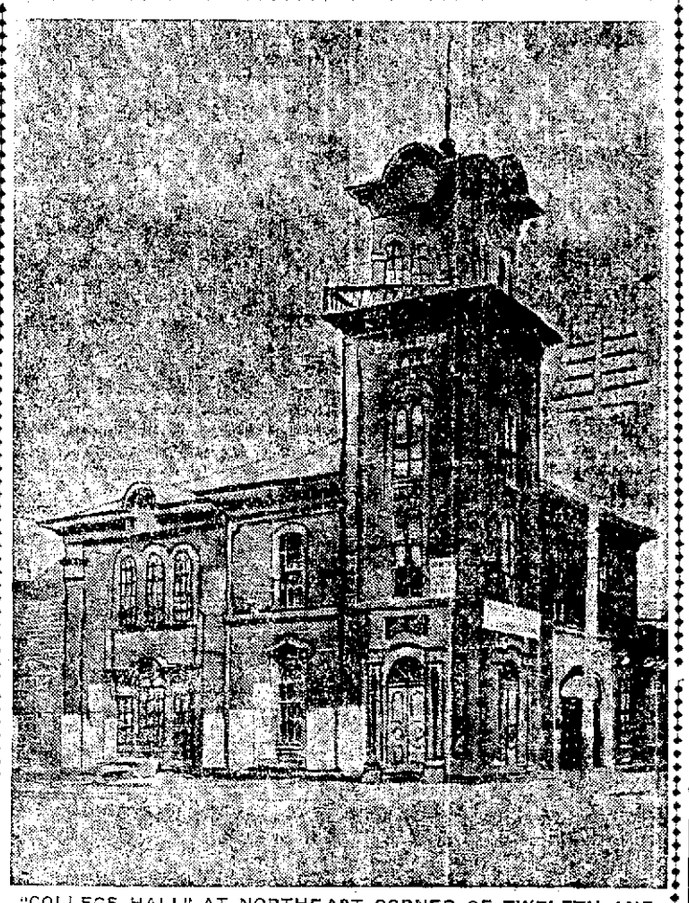

CONTRACT SIGNED.

The contract for the superintendence of the construction of the building was signed today with Architect Skinner and, today, also the surveys of the property were completed.

Charles Newman, who is at the head of the enterprise has, for a number of years, been the successful proprietor and manager of the Russ House of San Francisco. He is well-known to the business public, as also to those who are known as tourists because he has catered to both for many years. He is genial and popular, and is imbued with an energy which makes every person with whom he comes in contact as enthusiastic on affairs of business as he is himself. He has achieved thorough mastery of the hotel business and will, undoubtedly, be the means of making Oakland one of the most noted resorts for tourists on the Pacific Coast.

BUSINESS MEN.

The Lakeshore hotel will provide ample quarters also for the traveling business man as well as for tourists. It will be convenient to the heart of Oakland and will, at the same time have a quieting, soothing and restful effect, so often desired by weary business men, which cannot be experienced in a hostelry where wagons and cars are surging past at all hours of the day and night.

HALL IS SOON TO BE TORN DOW TO MAKE ROOM FOR ROW OF BUSINESS STRUCTURES.

KAHN BUILDING AT SIXTEENTH STREET AND SAN PABLO AVE.

In another column of this department of THE TRIBUNE will be found a picture of the new Kahn building which is to be constructed at the northeast corner of San Pablo avenue and Sixteenth street. This building is to be constructed by Dr. Samuel S. Kahn of San Francisco, who is a brother of the enterprising drygoods firm of Kahn Brothers at the northeast corner of Washington and Twelfth streets.

The property on which the building is to be erected was bought by Dr. Kahn before the San Francisco fire, and the store now in course of construction was devised at the same time. This statement is made so that it may not be supposed that the enterprise of the doctor has been inspired by the hegira of San Francisco firms to this side of the bay as a consequence of the great fire.

Dr. Kahn had noticed the progress which Oakland had been making before that time. He concluded that this was a good place for investment and accordingly displayed his confidence in this city as his brothers above referred to have done for many years.

The new building will have a frontage of 65 feet on San Pablo avenue, with a depth of 100 feet on Sixteenth street. It has been designed by Charles Mau, the well-known architect of 1166 Broadway.

The new building will be solidly constructed of brick, with all kinds of reinforcements and steel structural interior for the purpose of preventing, as much as possible, injury to the same from any elemental cause. The upper three lofts, something which are very much needed in this city at the present time, have been rented, and a very liberal return is expected from them.

As to the first story, it may be said that it has not been decided as yet what firm will be fortunate enough to secure a lease of it, although a number of business concerns are making competitive bids for it. When this floor is let, it will be to a concern which will be a welcome addition to the commercial and industrial life of Oakland.

The lease to the three upper lofts runs for five years. Two of these lofts were leased before the fire and, since then, the lessee has agreed to take possession of the remaining loft.

The building complete will cost $60,000. Work upon it will be rushed with the greatest expedition possible with a view to rendering the building habitable by the 1st of October.

ATLAS GAS ENGINE COMPANY BUILDS IN EAST OAKLAND

Oakland has now nearly all the factories of gas engines, which were formerly located in San Francisco. This fact is not to be attributed to the fire which destroyed the city on the other side of the bay but the fact that the managers of those concerns perceived that they could benefit their condition by moving to Oakland.

Several of these companies had decided upon this step before the recent fire swept their plants out of existence, and had in fact purchased ground on this side of the bay and made arrangements to build here before their property was destroyed in San Francisco.

The gas engine manufactories now here are the Western, the Reliance, the Standard, the Union and the Atlas. The two first mentioned are located on Washington street, and in so far as the writer of this article is informed it is not yet known whether or not they will remain here permanently.

FACTORIES HERE TO STAY.

There is no question at all on this subject, however, with respect to the Standard, Union and Atlas Gas Engine Companies. They are here to stay, a fact which may be attested by an examination of the structures which they have either erected here or which they have in course of construction.

THE TRIBUNE has already spoken in detail of the Union and Standard Gas Engine Companies, but the Atlas Gas Engine Company has, thus far, escaped attention. This is because the concern has been working quietly and modestly, as in fact the others were working until discovered by THE TRIBUNE.

ATLAS COMPANY BUILDS.

The Atlas Gas Engine Company is building its machine shops at the foot of Tenth avenue in East Oakland.

Unlike the Standard and Union plants, that of the Atlas is being constructed on filled land, the others being on terra firma. The company has already built a wharf of liberal proportions at the point in question and proposes to supplement it by a structure of double the size. This wharf will extend out to deep water in the estuary and enable the company to receive supplies and ship goods by water.

Arrangements are now being made with the Southern Pacific Railroad Company for the extension of a spur track from the lines of that company in East Oakland to connect with the plant. This accommodation will give the company rail facilities for receiving and shipping goods as well as the water facilities referred to.

The works of the company will rest upon piles and the tents for the floor area, which latter is to be 86 by 104 feet, are now nearly constructed. The work is being carried on by the Robert Wakefield Company.

DREDGER TO COST $65,000.

One of the first contracts, it is understood, which the Atlas Gas Engine Company will carry out will be the equipping of a monster dredger, with a gas engine as its main means of energy. This engine will have a capacity of 175-horse power. This will be the first time that an engine of this kind has been made to do the principal work on a dredger. There will, however, be subordinate engines on board. The dredger in question is to be constructed for the American Dredging Company, and will cost $65,000.

The Atlas Gas Engine Company when it gets into regular running operation will give employment to between fifty and seventy-five operatives.

BOND ISSUE FOR FIVE MILES OF NEEDED SEWERS

There is no city on the Pacific Coast which is better sewered than Oakland. The work of providing drainage, both of storm water and sanitary, has gone on for years, and, as a consequence, there are hundreds of streets on which the drains required for the maintenance of the health of the city have been constructed, in many instances at the expense of the people whose property was in a special manner benefited.

It is now proposed, however, to build a number of sewers such as are of a general character and are supposed to perfect the general drainage of this city for the benefit of all.

For this purpose an ordinance has been passed to print by the City Council calling for a special election, to be held on September 4, for the purpose of authorizing the issue of $582,500 bonds for the construction of the sewers in question.

The lines upon which these sewers are to be built have been prepared with much care. They have been given a great deal of attention by City Engineer Turner and Deputy Brown, by all the members of the Council, and in a special manner by the leading citizens and taxpayers in the wards in which it is proposed to construct them. When these proposed sewers shall have been completed they will give Oakland a sewer system which cannot be excelled in any city in the country.

SEWERS PROPOSED.

The sewers which it is proposed to construct, the length of the same, the character of the structure and the estimated cost of the same, as specially prepared for THE TRIBUNE by City Engineer Turner and Assistant City Engineer Brown, are as follows:

DR. E. R. DILLE SPEAKS ON INFLUENCE OF THE HOME

Christian Endeavorers in Session at Berkeley Addressed by Oakland Divine.

BERKELEY, July 7.—The meeting of the Christian Endeavor Union was opened last night in Harmon Gymnasium by a praise service rendered by the Junior Choral, consisting of the children members of the Christian Endeavor Union. The spectacle of a chorus of two hundred boys and girls wearing the colors of their society and waving aloft the flag of the United States created a lasting impression. At the conclusion of the praise service Professor Carl Sawvell presented the Christian Endeavor Union of Alameda county a set of standards. In making the presentation he said:

COLORS PRESENTED

"Here we have the Junior Christian Endeavor colors and each junior bears the flag of the United States. In the absence of Mrs. Houston the State Junior president, I take great pleasure in presenting to the Christian Endeavor Union of Alameda county these two flags—a Christian Endeavor pennant and the stars and stripes as a gift from the Junior Christian Endeavor Union of the State of California."

Dr. Kelly, president of the Union of the state, replied as follows:

"I am sure this is a surprise to me and all of us and I want to say a word of thanks. I trust that these two flags will stand for what Christian Endeavor stands for and in the name of the state organization I thank you. These flags will be placed in safe keeping with Miss Ellsworth, the Junior [superintendent] of Alameda county."

NO BIBLES

Owing to the absence of W. F. Reed and the president, James Warren, [led] the devotional exercises. He said:

"I decided to read out of the Bible this evening so I tried to borrow one from several of my neighbors here on the platform, but much to my surprise not one of them had one. How many of you have Bibles in the hall? Hold them up. (There was not a bible in the hall.) Not a Bible in the place? Well I am indeed surprised. It seems to me that this is the only failing of the Christian Endeavorers. In our early conventions all the members had their Bibles with them all the time."

The speaker then called for the members of the audience to deliver Bible texts and a number of persons responded. The twenty-third Psalm was then recited, followed by the Lord's prayer. The devotional was concluded by a prayer.

ANNOUNCEMENTS

Leonard Merrill, second vice-chairman of the business committee, announced that the following delegates had been appointed on the resolution committee: Miss Kate Colton, Thomas Ogden, Charles Cunningham and E. E. Keyes. He also urged that all the Christian Endeavorers register at Stiles Hall. He said that only 635 delegates have registered and this was a very poor show considering Alameda county had over 1000 workers for the cause.

The next number on the program was a song by the Junior Choral entitled "California Junior Endeavorers," which was written especially for the convention by Professor Carl Sawvell.

DR DILLE SPEAKS

The first speaker of the evening was Rev. E. R. Dille of Oakland, who addressed the audience on "The Opportunity of the Home." He spoke in part:

"This looks [like] home, much like a Christian Endeavor convention. Many [years] are gone old and have seen many conventions, but we do not [illegible] that [illegible] the conventions of [illegible] but I think we have [illegible]. The home, the state and the church are our three greatest institutions. Of these three the home comes first and is the greatest of our blessings. It is like a branch transplanted from the garden of Eden bearing fruit for the glory of humanity. It is the cornerstone of the nation. The nation can never rise above or [sink below] the home.

"Much was said about the good work of the boys in brown in the Spanish war and so [illegible] the boys in blue. It was said that it was the man behind the gun who did the work, but the thing behind the man behind the gun was the home, behind the man, and behind the home was the spirit and influence of Jesus Christ. It is the heart and not the brain that counts. The boys in blue never showed their true hearts more than in the Civil War on the banks of the river Roanoke when the two armies were on the opposite sides of the great river. One of the bands of the opposing armies struck up their war song, the Dixie Queen. The Union army followed this by the 'Star Spangled Banner.' The soldiers of both armies burst into cheers. Then one band played the sweet strains of 'Home, Sweet Home' and the other army took it up and the soldiers both of the North and the South immediately started to sing the good old song. They were all infused with the thoughts of their homes and there never was a more earnest and sincere chorus. Often have I opened a knapsack and seen within a Bible and a letter from home which was prized most highly.

MEMORIES OF HOME.

"Yes, the memories of home are dear to us and we cherish them. Our Bishop Vincent tells us how he parted with his mother and how she put her arms about his neck and said: 'Live near God.' This little saying moulded his beautiful life.

"The home should be attractive for the children. Some parents shut up their house, close the best rooms to keep out the flies—and the flies are wise enough to stay out of the darkened room and if the children are wise they will also stay out of the darkened room. Throw open the best rooms of the house and put in good music and good books and above all put in good company for your children and they will look back on the many pleasant hours that they have spent at your fireside.

"Family religion is the opportunity of the home. Family worship is about 2500 years old. The patriarch of the olden days erected the family altars. When the Mosaic worship in the temple took the place of the patriarch's worship the religion of the home did no[t] lessen.

"Our Sunday schools are handicapped because religion is not taught in the home. You cannot expect the children to be brought up in the right way when the home influences are worldly and not in the least religious. The first and best era of the Christian church was the period of the home worship.

"I say to mothers and fathers: See that the Bible is read at the home; see that the magazine does not displace the reading of the Bible. The opportunity for the home is the teaching of the word of God. As the word of God is shut out of the public schools so much more is there the need of it being taught in our homes. Don't send the children out into life without the remembrance of a prayerful home.

"I again say to you that we should not miss the opportunity of teaching the word of God in our homes and when the time is right we can say to ourselves that we have not lost one of our dear ones."

ILLUSTRATED LECTURE

The third session of the Christian Endeavorers closed with an illustrated lecture by J. Makins, formerly of Nagasaki, Japan, who treated of the subject of the "Floating Endeavor." The speaker described the work of the Union on the ships and how societies had been formed to raise the level of the seaman's life. His lecture was illustrated with views of the sailors' societies on board the different warships and other vessels. The meeting was then adjourned until today.

COLD FOUND IN THE SHED

Widow After Long Search Discovers Where Husband Hid Money.

ALAMEDA, July 7.—Hidden under the floor of a shed in the rear of the home of Francisco Rissio, who died in this city a few months ago, was $800 in gold, the savings of the vegetable gardener, who before his death secreted his wealth. Not until a few days ago did his relatives who have been searching for the treasure uncover the gold.

On his deathbed Rissio refused to divulge the hiding place of the wealth he had accumulated. His wife knew that he had secreted the money in the house at the corner of Calhoun and Regent streets, where they lived, but was never able to learn the exact spot from her husband.

After his death the relatives immediately instituted a search for the savings of the dead man. Floors in the house were torn up in the hunt for the treasure and every nook and crevice explored. No thought was given to the small woodshed at the rear of the residence until all other places had been searched. The first exploration of the shed failed to unearth the gold and the members of the family had about given up all hope of ever securing the deceased man's earnings.

A few days ago while at work in the shed Mrs. Rissio again removed the boards from the floor. With a stick she dug around in the soft earth beneath and her work was rewarded when she struck a can which contained the money.

Many short speeches in the interest of the new charter will be delivered during the musical numbers.

LAKESIDE RINK HAS NOVELTIES

Ladies' night at the Lakeside skating rink last night was a great success and judging by the way the patrons responded to the invitation to enjoy a special evening of attractions in addition to the usual skating privileges the ladies appreciate greatly the arranging of a particular occasion for their accommodation and pleasure.

The hoop rolling contest for the members of the fair sex was an innovation and at once sprang into popularity. No little amusement was afforded the spectators by this unusual feature and it is probable that the management will arrange for a repetition of the event.

There were also other special features including a couple race that proved highly exciting and kept the onlookers in a state of nervous tension from start to finish.

Next week the management expects to introduce several attractive events, the exact nature of which is to be announced later.

NATION'S PROBLEMS ARE GREATER IN CALIFORNIA

Speaker Before Christian Endeavor Convention in Berkeley Discusses Condition of West.

BERKELEY, July 7.—"The problems of this nation are intensified ten per cent in California," said Rev. William T. Patchell last night before the evening meeting of the Christian Endeavor Union in Harmon Gymnasium, "because we stand face to face with the Orient, with whose people we must intermingle. It is one of our commercial problems that we take it upon ourselves to civilize the Oriental. We send to them each year our missionaries, we send them the best [illegible] Milwaukee famous [illegible] we send them our silk hats, we send them our new shoes, our [illegible]—and all this because we must teach the Orient to become civilized.

"And yet they [were] civilized when our ancestors were [illegible] skins. We must send them commerce but it must be [illegible] [illegible] must be true [illegible] [illegible] if we send [illegible] [illegible] be pure. [illegible]

[illegible] the hearts of the [illegible] Christians will go out [illegible] [illegible] of the Orient and with [illegible] our Lord Jesus Christ [illegible] conquer.

CAPITAL AND LABOR

"Another [illegible] problem for us to consider," continued the speaker, "is the problem of capital and labor. [illegible] prices and [illegible] Turn to capital and they will [illegible] cheap labor in the easiest way possible. Turn to labor and they will do anything in the interest of high wages. This will react upon us with other nations. These are merely problems of diplomacy with other nations but I merely mention them in passing.

"We must keep back the yellow hordes and keep up the living wage. It is an iniquitous solution of the problem that bars the merchant and student along with the coolie. All the problems must be solved in the spirit of Jesus Christ. They must be solved in the spirit of God. We should arise to the great spiritual problems of [the day]. There are thirty thousand Christian Endeavorers in the state and [we] should go out to meet the spirit [of] the Orient."

Rev. Patchell gave a glowing tribute to the pioneers of California and he claimed that the present Christian Endeavorers are descended from a stock of pioneers hardy and bold, coming from the manhood of the world.

GLORIES OF CALIFORNIA

Preceding this Mr. Patchell launched into a beautiful description of the glories of California. He said:

"California is the most beautiful land on God's footstool, beautiful [illegible] sun streams through [illegible] the year, beautiful because of uplands [illegible] in the purple [illegible] and their [illegible] its colors which flood [illegible] hour the [illegible] God has placed the California Christian Endeavorers in a land of beauty unsurpassed.

THE CRY OF GOLD

"The cry of gold, which sets the pulses of men abounding—that cry went through the men from the four corners of the earth to California in the early days of forty nine. They came from [illegible] they came from the south [illegible] from the [illegible] and they surrounded the battling winds and the waves in the effort to reach the Land of Gold around Cape Horn. The travelers crowded the vessels to the rail, and they left their hives of wool to swarm their way inland in the maddened flight for the gold which the state contained. The gold which lured them away from their homes—the quest after the long [illegible] of [illegible] ring star.

"They camped on these shores, strong men and mighty women, indomitable conquerors of the West—the millers of cities. These are the people who founded California. These are the people who founded the Christian Endeavor Society of this Golden State."

"NATURE" MUSIC FOR GREEK THEATER CONCERT

BERKELEY, July 7.—A program of nature music in the highest degree appropriate to the great open air Greek theater and its surroundings of woods and hills will be played by the University orchestra for the eighth symphony concert, to be given in the Greek theater at 3:30 o'clock on Thursday afternoon, July 12, under the leadership of Dr. J. Fred Wolle, professor of music at the University.

The famous Raff symphony "In the Forest" will be the chief feature of the day. It will be preceeded by the overture by Dvorak entitled "Nature," and by a Bach "Pastorale." After the symphony will come two beautiful compositions by Grieg, who has known so well how to interpret in music the wonders and beauties of the Scandanavian mountains and fiords and the simple life of the peasantry. These Grieg numbers will be "In the Mountains" and "At the Cradle." The program will close with the Goldmark overture, "Spring."

It will be a rarely delightful experience sitting there under the blue California sky with the sights and sounds of out-of-doors all about to compare the interpretations of various composers of the meaning of nature and above all to test the artistic success of their work by the testimony of nature herself.

CHINESE WILL BE TRIED FOR GAMBLING

ALAMEDA, July 7.—The trials of the six Chinese who were arrested several weeks ago during a raid on Chinatown by Policemen Anderson, Willing and Moebus are to be held on Wednesday, July 11. Justice of the Peace F. S. Cone has set the date of the hearing upon a request from Attorney George de Golia of Oakland, who is to represent the defendants.

GOOD AMERICANS all celebrate July 4th the great National Holiday, whether they wear good clothes or bad, but it is the desire of the rich and the poor alike to look their best in honor of Uncle Sam. Therefore it is the duty of every man to see that his wardrobe is properly equipped, and if it is not the quicker he leaves his order with us the quicker he will be able to dress in garments that for fit, style and finish are unprecedented.

SPIRIT OF PLAYTIME.

In summer the spirit of playtime is everywhere, and it seems to be at its best on the Fourth of July. A few weeks ago, in the midst of the great disaster, it seemed as if many people would never care to play again. It was only the serious side of life that presented itself.

But time does a great deal, and though the earthquake did tremendous damage, it also shook away much that was false in the social fabric. It brought to many a greater simplicity in living, and one always enjoys life in its along simple lines.

On the Fourth of July every one was ready to turn away from things serious, and just enjoy the day in a simple fashion, and in places near at hand.

It was a great relief not to have so many fireworks for the children. One man expressed the sentiment of the entire community when he said, "We've had all the fireworks we want for many years to come."

This Fourth of July was fairly historic in the crowds of people who were in Oakland. People thronged every avenue where there was any thing unusual going on.

Fruitvale Boulevard, at Idora Park, at the Claremont Country Club,—everywhere one saw throngs of interested people, the women making charming pictures in white gowns, lingerie hats, and white parasols,—and the men happy-looking like, quite as if they had not passed through one of the great calamities of modern times. The ban was off, and the day was good for every one.

Broadway was packed with people, throughout the entire day and until far in the night, and it was interesting to watch Broadway amuse itself. For the most part it consisted in putting dynamite fire-crackers on the car tracks, and watching them explode with loud crashes as the cars ran over them.

Crowds of men were just as much interested as the boys, and all the day and during the evening the dynamite explosions made a din that echoed above the other noises of the street.

It was a good-natured, orderly crowd that one met everywhere,—a crowd bent on forgetting the serious things of life—just enjoying playtime on one of the most perfect days of the year.

CLAREMONT COUNTRY CLUB.

The grounds about the Claremont Country Club made a most charming picture, and everywhere the color scheme was perfect. The beautiful American flags struck the patriotic note of the day, and the oriental tones in the gorgeous Japanese lanterns added a festive note to a gay scene. In the evening the electric lighting was specially fine, and the illumination made the scene most fairy-like.

Doctor Stewart's orchestra is playing in fine style, and the concert in the afternoon really represented high art. Many people entertained at luncheon which was most informal. The members of the Country Club entertained, as far as possible, San Francisco friends, as was noticed during the day at the Country Club many people prominent in San Francisco social affairs.

Dinner in the evening was served to the music of a stringed orchestra, and the dancing that followed closed a delightful day, one that bids fair to live in the annals of the Country Club.

The Country Club is more needed now than ever since the big fire burned many so much of San Francisco. Even the men who are most loyal to the burned city, admit its dreariness, its inexpressible sadness. Seeing these terrible ruins day after day gets on their nerves, and they are glad of the rest and change which Oakland offers. So one meets them in our cafes, on our streets, and they enjoy thoroughly the repose of our Country Club.

They are playing specially good golf at the Country Club,—though it is not always in evidence on a holiday, since so many people are watching the game. But among those who play exceedingly well are Ernest Folger, Frank Kales, Frederick Stratton, J. O. Cadman, George De Golia, Robert Fitzgerald, Harry Knowles, Captain Minor Goodall, William Pierce Johnson, Mrs. Johnson, Mrs. P. E. Bowles, Miss Whitney, Miss Kales, Miss Knowles.

Captain Edwin Goodall as the first president of the club did much to bring it to its present measure of success, and he takes an active part in promoting all plans for the extension of club interests.

Among those at the Claremont Country Club on Wednesday during the afternoon and evening were:

Mr. and Mrs. George McNear, Jr., Mr. and Mrs. Harry Knowles, Miss Bessie McNear, Mr. and Mrs. Ernest Folger, Miss Viva Nicholson, Miss Violet Whiting, Capt. and Mrs. Edwin Goodall, Capt. and Mrs. Minor Goodall, Mr. and Mrs. George De Golia, Mrs. Challen Parker, General and Mrs. Oscar Long, Mr. and Mrs. P. E. Bowles, Mr. and Mrs. William Pierce Johnson, Miss Arline Johnson, Miss Josephine Johnson, Mr. and Mrs. Fox, Miss Jessie Fox, Mr. and Mrs. von der Ropp, Mr. and Mrs. R. G. Brown, Miss Florinne Brown, Mrs. Lillian Everts, Mr. and Mrs. Edson Adams, Charles Hubbard, Mr. and Mrs. Thomas Crellin, Mrs. Charles MacDermot, Louis MacDermot, Miss Flora MacDermot, Mr. and Mrs. M. W. Kales, Miss Ruth Kales, Miss Rose Kales, Frank Kales, Mr. and Mrs. Edward Brayton, Miss Gertrude Gould, Mr. and Mrs. R. A. Bray, Mr. and Mrs. George Wheaton Pr., Mr. and Mrs. Tyler Henshaw, Mr. Rudolph Spreckels, Mr. and Mrs. Harry East Miller.

SUCCESS OF ST. MARY'S DAY.

One of the big successes of the day was achieved at Idora Park, where there were twenty thousand visitors during the day and evening of the Fourth.

On Wednesday the park was thronged with guests all day—with a gay and happy crowd of people,—who found there a perfect holiday. The guests were made welcome by Rev. Edward Dempsey, and Rev. Robert Sesnon, for the day represented a parish outing of St. Mary's parish.

All of them must have rejoiced greatly, for it represented much financial success, as well as a good holiday time for a great crowd of people.

MRS. STOLP AT THE HOSPITAL.

Mrs. Frederick Stolp, who has been ill at Providence Hospital, is doing very well indeed, and expects to return to her home in a few days. Mrs. Stolp will spend some time this summer at the home of her mother, Mrs. Harlan. The latter has a very delightful country residence in the San Ramon valley.

SIERRA CLUB.

The Sierra Club, famous now in the annals of mounting climbing, is planning to go this year to the King's River canyon, where the scenery is wonderful—it is far more than picturesque, it touches the sublime.

The club offers exceptional vacation advantages for those who like camping out—who like roughing it—who are not afraid of stiff mountain climbing. There are always a large number of California women in the club, who make fine records in difficult mountain climbing. They have bloomer costumes specially adapted for climbing—they have sleeping bags to meet the cold of the high altitudes, and they do not in the least mind the simple food eaten from tin plates. For you have the most wonderful of appetites if you live in the Sierras. And there is always the jolly campfire at night, around which tired people gather, and the woods and mountains echo to the merry notes of college songs—for every one is happy "near to Nature's heart."

Mr. and Mrs. Colby, formerly Miss Rachel Vrooman, are always leaders in the Sierra Club, and among the specially intrepid mountain climbers are Doctor Vida Redington, Miss Bertha Knox, and Miss Lena Redington.

TAFTS IN SWITZERLAND.

The Tafts and Miss Sevilla Hayden have been enjoying a most delightful trip through Switzerland. They were recently in Lucerne, where they met Mr. and Mrs. A. A. Pennoyer. The Tafts expect to sail for home August fourth.

ARTISTIC HOMES.

Many of our young married people are setting up most artistic homes. One hears much of the new home of the Henry Nicholls at Piedmont, which was recently finished and which the young people are now occupying.

The Bernard Millers are planning to build a beautiful new home, on Boulevard Heights, not far from "Arbor Villa," which was formerly Mrs. Miller's home.

ARTIST AT YOSEMITE.

Mrs. Mary Herrick Ross, the well-known artist, is spending a delightful month in the Yosemite valley. She will spend some time this summer at the new Herrick home at Linda Vista. One hears that this is one of the most attractive of the new homes of that district. The Misses Herrick are planning the most artistic studio, in which Miss Margaret Herrick may go on with the work for which she has so much talent. She is rapidly winning fame for her portraits in oil, and she is rapidly achieving distinction as one of the best painters on the coast.

OPEN SUMMER HOME.

Mr. and Mrs. E. J. Lukens have opened for the summer "Grafton," which is their country home in the Siskiyou mountains. It is a most picturesque place, with a beautiful river running through the grounds. Senator Lukens is to spend some time there this summer.

The Lukens entertain their friends in the most hospitable fashion. Mrs. Louise Allender has gone to Grafton, and will remain with the Lukens some weeks.

SPRINGS AT DEL MONTE.

Mr. and Mrs. Spring of Fruitvale, went to Del Monte in their automobile, and spent the Fourth of July holidays at that famous hotel. The Springs have forgiven their daughter Gertrude for her hasty marriage to Mr. Friend of Ye Liberty Playhouse, and both the young people have been made welcome at the very picturesque home of the Springs in Fruitvale.

PIERCES HAVE RETURNED.

Mr. and Mrs. Charles Pierce have returned from Europe, having been absent from the coast many months. They spent the winter in Cairo, and had gone on to Europe when the news of the San Francisco disaster reached them. They came home immediately, and have spent some time with Mrs. Russ and with Doctor Raymond Russ at Berkeley.

Mr. and Mrs. Frank Pierce and their daughters have taken possession of the beautiful new residence in San Francisco which they recently purchased. The fire crept very close to it, but fortunately it was spared.

MRS. KNOWLES HOME.

Mrs. Harry Knowles and her children returned this week, having spent the past month at the Knowles ranch. They are planning to spend the remainder of the summer in Oakland.

DR. BOYES GOES AWAY.

Doctor E. J. Boyes has gone to Lake Tahoe, where he will spend two weeks enjoying a much needed vacation.

During his absence his large practice will be taken care of by his brother, Doctor William Boyes. The latter was one of the leading physicians of San Francisco—his offices and equipment and a most valuable library were burned.

Doctor William Boyes will probably make his permanent home on this side of the bay, and will be associated with his brother, Doctor E. J. Boyes.

BRATNOBERS TO GO EAST.

Mr. Bratnober recently returned from Alaska, and has been for some weeks at his home in Piedmont. The Bratnobers are developing a very beautiful country home in the foothills. It was formerly the Gamble home, and many of the trees were planted by the Gambles years ago.

Miss May Gamble has established a most flourishing school for girls in Santa Barbara, and among her Oakland patronesses are Mrs. J. C. Tucker and Mrs. George W. McNear Jr.

Mr. Bratnober is one of the most successful mining man of the coast, and with Mrs. Bratnober he expects to leave for the East in a few days.

MRS. WETHERBEE CLOSES HOME.

Mrs. Wetherbee has closed her Fruitvale home for the summer, and with her sister, Mrs. Farnham, has gone to Byron Springs.

They have taken a cottage at Byron Springs in which they will entertain their friends this summer.

HOLTS RENT HOME.

Parker Holt and his sisters, the Misses Grace and Edith Holt, have rented their house on Madison street, and also their home in San Francisco, and have gone to Stockton, where they have built a very picturesque cottage. They expect to make their home in Stockton for some months to come, as the family business interests are there. Miss Lillian Downey of Berkeley, was Miss Grace Holt's guest last week.

GUY EARLS TO GO TO COUNTRY.

The Guy Earls are planning to go for the summer to their country home in the Santa Cruz mountains. It is near Brookdale, and is one of the most artistic country homes in that neighborhood. Mrs. Earl takes great pride in her garden, and it is one of the most fascinating gardens to be found anywhere in the Santa Cruz mountains. All the

distance from the road to the front door is a great bed of California poppies, making a gorgeous and bewildering mass of color.

BISHOPS ENTERTAIN.

Mr. and Mrs. Edgar Bishop entertain house parties all the year round, and they enjoy their country home at Ben Lomond quite as much in the depth of winter as in the summer. They will have with them part of the summer Doctor and Mrs. Alderson, formerly Miss Cordelia Bishop. Not far from the Bishops is the elaborate country home of the E. A. Herons. It is fitted up very beautifully—there are hardwood floors and handsome rugs, all going to make the country home most attractive.

The Herons are among those who also entertain extensively in the summer.

FATHER SESNON TAKES VACATION.

Rev. Robert Sesnon leaves on Saturday for a vacation of three weeks. He will be greatly missed in St. Mary's Parish, for he is most generous with his beautiful voice, and his work among the people has been a most signal success.

Father Sesnon will be a guest at the country home of the Porters at Pajaro, and he will also spend some days at the country home of the William Sesnons near Soquel.

CHAPERONING SISTERS.

Mrs. Gibson is chaperoning her sisters, Ruth and Delight Woodbury, at Rowardennan, where they expect to spend some weeks longer.

Miss Delight Woodbury was very much of a heroine the other day, in saving the life of one of the young girl guests at Rowardennan. The latter fell into the river, and was going down for the second time, when Miss Woodbury jumped in the river after her and succeeded in holding her up till help reached them.

Miss Delight Woodbury is one of the best swimmers on the coast, and astonished everyone at Santa Cruz by her ability to swim far beyond the raft.

MRS. DALLAM TO GO AWAY.

Mrs. F. B. Dallam and children will leave about the fifteenth of July for Cloverdale, where they expect to spend some time at Macraes. Children enjoy greatly the big farm at Macraes, and especially the tents, the latter marking a delightful phase of country life.

WILL NOT GO TO CLOVERDALE.

Mr. and Mrs. Oscar Luning will not establish their usual camp near Cloverdale this summer. They are planning many short trips instead. Mr. Luning is devoted to automobiling, and he has two fast machines.

He handles them beautifully, and he is one of the most careful and one of the most expert drivers in the county.

WILL GO TO FELTON.

Judge and Mrs. Samuel Hall and their children will leave in the near future for their home near Felton, in which they spend every summer. Miss Charlotte Hall is planning to entertain many guests this summer.

The William Highs have also an attractive bungalow in the Santa Cruz mountains, but Mrs. High, who is now in the East, does not expect to go there till late in the summer.

LONGS TO GO TO CARMEL.

General and Mrs. Oscar Long were so pleased with their stay last year at Carmel-by-the-Sea, that this year they built there a very artistic little cottage. They will go there as soon as Mrs. Long's work in the Maternity Hospital is finished. Many people are finding Carmel-by-the-Sea a most attractive place in which to spend the summer.

It is only four miles from Monterey, and near it is the wonderful old Carmel Mission—the Mission that has been so widely copied, and sketches of which have been sent all over the world.

WERE IN DALMATIA.

Mr. and Mrs. Edgar Peixotto have been recently in Dalmatia, which Mr. Peixotto pronounces the most thoroughly picturesque of any part of Europe. The Peixottos are great travelers, and Mr. Peixotto has achieved fame in his wonderful sketches of life abroad. Mrs. Peixotto writes exceedingly well, and her word sketches make a most pleasing addition to the fine work of her artist husband.

The Peixottos greatly enjoy life abroad, and they spend a great deal of time in picturesque Venice, which is only a day's journey from Dalmatia.

Mrs. Peixotto was formerly Miss Mollie Hutchinson, and she is as bright and pretty as her sisters, Mrs. William Pringle and Mrs. Bernard Ransome. The opening chapter of Scribner's Magazine, "Impressions of Dalmatia," is written by the Peixottos.

HUSSEYS NOT TO RETURN.

The Horace Husseys with Miss Hussey have decided not to return to Oakland until October, so their picturesque

home at Ben Lomond will remain closed this year.

It is an exceedingly attractive home not far from the hotel at Rowardennan, and each year Miss Hussey has entertained a large house party for the Fourth of July holidays.

COLES TO SPEND SUMMER HERE.

Mr. and Mrs. Nathaniel Coles, whose home was burned in San Francisco, will spend the summer over here, and are comfortably established at Claremont. They are very prominent people of San Francisco, and they entertain many friends, always in a most charming and hospitable way.

GO TO YOSEMITE.

Mrs. J. M. Kelley and Mrs. George Bornemann have gone to Yosemite, and they expect to spend some days in that wonderful valley. Later in the summer Mrs. Bornemann and her little daughter Doris are going to Cloverdale.

MRS. ALEXANDER IS BACK.

Mrs. S. T. Alexander arrived from Honolulu a few days before the big earthquake, and she is at the large family home on Sixteenth street.

Mrs. Alexander is expecting her daughter, Mrs. John Waterhouse, and the latter's children to visit her this summer, and they will probably arrive late in July.

Mrs. Waterhouse was formerly pretty Martha Alexander, and the Waterhouses have a most delightful home in Honolulu. In the summer they go to the mountains, where they have a very picturesque country home.

They have a very charming family of children, to whom their relatives are most devoted.

WILL SOON BE HOME.

Miss Florence Hanna and Miss Lillian Isaacs, who have been abroad a year, were expected to arrive in New York on Thursday. They are not to stay there long, but are coming directly to the coast, so they will be here next week.

Miss Hanna is a prominent member of the High School faculty, and she will take her place in the High School next year.

Miss Lillian Isaacs is an exceedingly pretty girl, and the only daughter of Mr. and Mrs. John Isaacs. She is of the younger set of girls and very popular with them all. Miss Isaacs is a very talented girl; she draws extremely well, and she is a fine linguist. She has had exceptional advantages abroad, and has spent most of her years on the continent in the study of art and the languages.

THOMAS MAGEE IS BACK.

Mr. Thomas Magee returned from the East last week, having been in New York ever since the days immediately following the earthquake.

Besides the interests of the firm of "Thomas Magee & Sons," Mr. Magee will represent on this coast Mrs. Herman Oelrichs and Mrs. William K. Vanderbilt Jr. They are to rebuild some of their properties in San Francisco, and to develop some mines, which seem to offer returns of great promise.

Mrs. Tom Magee has been the guest of the Joe Tevins at Burlingame for some weeks. Mr. and Mrs. Tom Magee are planning to spend the greater part of the summer with the Hushes at Fruitvale.

LEASE SUMMER HOME.

The Rupert Whiteheads have leased for the summer the country home of the Misses Lacey in Fruitvale.

In looking over the beautiful grounds of this country home, one realizes how far-reaching in its results was the great fire.

The Misses Lacey supplied the leading floral depots of San Francisco, with the superb decorations for which that city has long been famous. They are California women who have demonstrated what women can do in the world's industries, especially when they love their work.

They developed a wonderful floral industry in the foothills, and had 1200 feet of glass in the big nurseries. The glass conservatories were all piped, and the hothouses represented the choicest flowers. On the morning of the earthquake there were five hundred orchids in the conservatories, and hundreds of long stemmed beautiful bridesmaid's roses. There were acres of Japanese iris, all ready for the decorations of San Francisco.

For the orchids there was no sale—the florists went down in the general financial ruin of the rich people of San Francisco. The hundreds upon hundreds of bridesmaid's roses withered on the stem,—and the Japanese iris has never been gathered.

The work of many years was shaken away in the few minutes of the great earthquake. But the Misses Lacey are among the brave California women who have energy, and above all, who have the courage to rise from defeat, and to begin life all over again.

JAPANESE ENTERTAINED.

And apropos of earthquakes, Doctor Omori, the great Japanese scientist, and one of the leading authorities on earthquakes, has been extensively entertained by leading people since coming to California.

He has studied the geological side of the question thoroughly, and his conclusion is of immense interest to us. He definitely locates "the earthquake belt of California" as follows: "Inyo county to the Salinas river—north to San Francisco, San Jose, and Santa Rosa."

PICTURES IN THE MEDDLER.

Miss Marcella Spencer leaves for Europe next month to study music.

Mrs. George W. Adams (nee Hanavan), a bride of the month.

Miss Alice Dunn, whose engagement was a recent announcement.

Mrs. A. R. Aley, formerly Florence Darby, who is visiting in this city.

Miss May Selby, whose wedding takes place this month.

IN THE SUMMER TIME.

In former days people were too busy amassing fortunes, to care very much for social life—in fact neither rest nor repose appealed to the pioneers. Life was lived out on the strenuous lines necessary to the development of a new country.

We have gone so far in social evolution that we can appreciate the simple life,—that we can truly enjoy the outdoor life made possible by the climate of the coast.

In the California summer time every one tries to be out of doors, and a country home means anything from a tent, from a hammock under the trees, to a mansion in the midst of wide-spreading acres.

It is all the more beautiful if it is truly simple—nature can be trusted to supply all the decorations necessary.

Mrs. Roosevelt has set the example of the simple country home in her recent acquisition, "Pine Knob" in Virginia.

It is the very simplest kind of an old-fashioned country house,—with just a few rooms and an old-time attic—the old house is characterized by the spirit of simplicity, in striking contrast to all the luxury of the White House.

Here are the old-fashioned oil lamps, the time-honored tallow candles—and

SOCIAL NEWS of the WEEK

wood fires of which one reads. And here one may enjoy life—in the heart of the Virginia mountains, "far from the madding crowd." The same sort of country life is being developed here. One finds lovely little places along the shores of Tahoe—in the hills—in the Santa Cruz mountains—near Monterey, and in many of the inland valleys.

Even those whom the day's work keeps at home still develop the outdoor life. Nearly all the Piedmont homes have verandas, on which the family lives, and on which the delightful al fresco breakfasts and dinners are served.

We give a social four o'clock cup of tea to each other on our verandas, or under our wide-spreading trees—and we never have to specially entertain each other, the spirit of the Great Out of Doors does that for us.

Bishop and Mrs. Whittaker are now at Highlands, and their friends are made most welcome there. Mrs. Requa has fitted up "Chevy Chase," and it is the most delightful spot in all the delightful foothills. Here are big chairs, and hammocks—all under the lovely, leafy, shady trees, and here is where the guests at Highlands enjoy the most delightful of four o'clock teas.

The summer days are here, rare and charming. It is for us to enjoy them in our fashion. It is for us to find in them the peaceful rest that quiet repose which will make us take up the daily work with renewed energy, when the summer is over and gone, and the world calls us with insistent voice.

Health and Beauty.

A solution of strong sage tea and alcohol applied to the eyebrows will darken them. To one pint of the tea strained through a cloth add a tablespoonful of alcohol.

Those who have tender feet or who desire to avoid having them should have two pairs of shoes and wear them alternately. This plan is more healthful and economical as well.

For relief from heartburn add a teaspoonful of lemon juice to half a glass of cold water in which has been dissolved half a teaspoonful of carbonate of soda, and drink immediately.

Fruit is a great beautifier. Fruit such as grape fruit, oranges, grapes and apples, aids in clearing the skin and preserving that freshness of youth which consists of bright eyes, living hair and a vital complexion.

The following is a splendid remedy for toothache. Saturate a piece of cotton wool in boiling vinegar and rub the gum around the aching tooth with it. Fill the cavity in the tooth with wool. If the pain does not ease within five minutes, make another application.

Make it a rule to spend a portion of each day out in the fresh spring air and sunshine, dress properly, keep moving and inhale the fresh air through the nostrils.

Stains From the Fingers.

For removing ink stains from the fingers dip a sulphur match into the water and rub it on the stain. This is very efficient. Or lemon juice and salt may be used. Peroxide of hydrogen with a few drops of ammonia is very good for moving stains from the hands. Pumice stone, too, is valuable. It is useful in smoothing off a finger roughened with sewing. After using this, rub on a little cold cream.

When the hands are shrunken from long soaking in water, dipping them into vinegar or pouring it over the hands will restore them to their natural color.

If the finger tips are stained from hulling berries hold them in the fumes of a sulphur match, and the stains will disappear.

The unpleasant odor that clings to the hands after handling onions or codfish or the like may be dissipated by rubbing dry mustard over them; or put the hands into water containing mustard.

UNCONQUERED.

Out of the night that covers me,
Black as the pit from pole to pole,
I thank whatever God there be
For my unconquerable soul.

In the fell clutches of circumstance
I have not winced or cried aloud.
Under the bludgeons of chance
My head is bloody but unbowed.

Beyond this place of wrath and tears
Looms but the horror of the shade.
And yet the menace of the years
Finds and shall find me unafraid.

It matters not how straight the gate,
How charged with punishment the scroll
I am the master of my fate.
I am the captain of my soul.

The Bridesmaid.

Bella, the beautiful bridesmaid, did not rise for breakfast the day after the wedding.

"I have," she explained languidly, "a stitch in my side."

A smile curled her pink lips.

"It came," she continued, "from being hemmed in by the crowd around the claret cup at the reception."

This remark, as a jeu d'esprit, they deemed but sew-sew.

Little Alice—Kin I have one, too, ma?

The Mother—Wait till yer old enough to get married, darlin'.

INSANITY FOR THE DEFENSE

Holy-Roller Case Takes a New Turn in Court.

SEATTLE, July 7.—By securing a ruling from Superior Judge Frater this morning, permitting testimony of an insanity expert as to the mental condition of George Mitchell, on trial for killing Joshua Caulfield, the Holy Roller prophet, the attorneys for the defense won their most signal legal victory during the case.

From the first day of the trial the defense has been trying to get this testimony to the jury but without success, and a number of witnesses who were placed on the stand left it again without having accomplished the purpose for which they were called.

This morning, however, during the examination of Sheriff Burnet of Benton county, Oregon, Judge Frater ordered a recess and accompanied by Attorneys Morris and Shipley for the defense and Prosecuting Attorney Mackintosh and Assistant Prosecutor Miller, went to his chambers, where a long consultation was held. When the jury was recalled, Sheriff Burnett was called from the stand and Dr. Donald A. Nicholson, a Seattle physician, took the stand. In answer to questions put by Attorney Shipley, Dr. Nicholson gave as his opinion that the causes which led up to the killing and the actions of the defendant both prior and subsequent to that occurrence were conclusive evidence of insanity.

Optical Incompetence

Kryptok glasses being one glass for far and near, for all purposes, require special ability to fit them properly. They carry a lower rate of profit, and are costly to change. A man who has no confidence in his ability to fit your eyes at your first sitting, and is in the habit of bringing his patients back time after time while he stabs at the job on the off chance of getting a fit finally, dare not sell Kryptoks. He would lose money if he did. Just ask yourself if this may be the reason why your optician disparages the Kryptok.

FRIENDS SAY HE IS INSANE

New Tack Being Taken to Try and Save Harry Thaw.

NEW YORK, July 7.—That Harry Kendall Thaw is so far from sane that his counsel will be justified in applying to the Supreme Court Justice for a commission to determine the condition of his mind is the contention of those in charge of his case, and in support of this contention the young millionaire was examined at length in his cell in the Tombs by Allan MacLane Hamilton, the well-known alienist.

The examination occupied more than two hours, during which Thaw was subjected to all the tests employed by medical men in determining the sanity or insanity of a patient.

At its conclusion Mr. Hamilton declined to divulge his opinion, but a man in the confidence of his friends said that much had been discovered to give color to the hope that young Thaw can be freed from the legal consequences of killing Stanford White, on the ground of insanity, or possibly may escape trial altogether.

Mrs. William Thaw, mother of the youthful prisoner, sailed yesterday from Dover on the Kaiserin Augusta Victoria of the Hamburg-American line, to be with her son in his trouble.

Every effort was made by members of the family to persuade her to remain abroad, and in these efforts Harry Thaw joined. But Mrs. Thaw was not to be kept away and remained but two days in England after learning of the tragedy. She will be in New York in seven or eight days; the boat on which she has taken passage is not one of the speediest. The news that his mother had started for America was very distressing to Thaw, who had hoped that she might be spared any active participation in his trial or the events leading up to it.

HEARS OF MOTHER.

He was told of it shortly after Dr. MacLane had left him and when he had just written a cable to Mrs. Thaw urging her to remain away. He became so upset that for a time his friends were seriously worried about his condition.

Both prosecution and defense were busy a large part of the day in following their various plans of action. At the District Attorney's office it was announced that all hope of obtaining from A. H. Hummel a record of the alleged affidavit containing charges against Thaw and said to have been made by Evelyn Nesbit had been abandoned.

Mr. Hummel flatly refused to give up any information he possesses concerning his former client, or to give a hint as to its nature.

The prosecution declared, however, that there was another way of reaching this mysterious information that had been taken.

Thaw's counsel have employed a number of men to search Thaw's record to inquire of former associates for evidence supporting the insanity theory. Roger O'Mara, who came from Pittsburg today to consult with them, has returned to that city, where she has a wide field for such investigations.

Evelyn Nesbit Thaw's mother, Mrs. Charles J. Holman, who now is in Pittsburg today took occasion to announce that she never took her daughter to the office of theatrical managers save in the capacity of chaperon and had never tried to secure positions on the stage for the girl.

Young Mrs. Thaw made a brief visit to her husband today and returned to her apartments in the Lorraine. She refused to discusse her mother's statement.

Whiskey and the Drug Habit.

Nearly every day we hear something good about Orrine, the only guaranteed cure for the whiskey and beer habit. The other day a lady told us that a person in whom she is greatly interested has discontinued drinking since using Orrine. This treatment does not detain the user from work and is a simple remedy, easy to use and so sure to cure drunkards and stop the fearful craving for drinking, that we sell it under an absolute guarantee to refund the money if it does not cure. Orrine is in two forms. No. 1 to be given secretly, and No. 2 for those who wish to be cured. Each form costs $1 00 and both are guaranteed. We would not recommend it if we had not assured ourselves of its great value. Mail orders filled. The Orrine Co., Washington, D. C., or Owl Drug Co., 13th and Broadway.

GENERAL TREPOFF WEAKENS

Realizes the Necessity of a Constitutional Ministry.

ST. PETERSBURG, July 7.—General Trepoff's advocacy of a ministry composed of Constitutional Democrats introduces a new element into the situation, which, though the fall of the Goremykin cabinet is momentarily proposed, is steadily trending toward parliamentary government as being the only expedient which may ward off the impending storm of anarchy. Trepoff's conversion to the idea of a responsible ministry is based, however, not on regard for the Constitutional Democrats, whom he characterizes to be half revolutionists, but on the conviction that repression by a disaffected army and disorganized police would no longer serve. The general spoke with his usual remarkable bluntness, not attempting to cover the desperate condition of the country and the strength of the revolutionary cause, and giving the lie direct to Prince Urusoff, whom he further characterized as a traitor who holds himself in the hope of attaining a place in the new government. The Constitutional Democrats will take no part in the portion of the policy of the radicals which can only plunge the country into streams of blood. Parliament must exist as the instrument of pacification or not at all. The Constitutional Democrats in the future are bound to actively combat the tactics of the Extremists as well as those of the government.

In the reorganization of the guards corps the emperor has replaced the "carpet knights" among the officers by fighting soldiers of the type of Major General Letzchitzky, the new commander of the first guard division, which includes the Preobrajensky regiment. Letchitzky has spent almost his entire life in Turkestan and the Far East commanding with distinction in China and Manchuria. He is an utter stranger at court.

BRUTAL EXECUTION.

The newspapers today print an open letter from the Lettish Royal Democratic league of Libau in regard to the execution of Makhovsky, a revolutionist who refused to go to the scaffold, protesting his innocence. The guards handled him so roughly that they broke his wrists and crushed in his chest. The man died before he reached the place of execution. His body nevertheless was strung up.

SAY THEY WILL NOT OBEY LAW

Saloon Keepers of Jersey City Refuse to Remove Screens.

NEW YORK, July 7.—In New Jersey tomorrow the new excise law, known in the last legislature as the Bishops bill, which went into effect on July 4th, will be put into operation. Hotels are not allowed to sell or give away liquors with or without meals on Sunday. They may not serve liquor at a bar or in a guest's room.

Upon advices of the Council, members of the Hudson County Liquor Dealers' Association, at a meeting last night in Jersey City, decided that they would not take down their window screens on Sunday. When this decision was reported to Chief of Police Murphy, he said:

"Every saloon keeper and liquor dealer who breaks the letter of the law on Sunday will be arrested.

"There are 1,300 liquor dealers in Jersey City. The liquor dealers have agreed to stand by one another and fines will be paid or counsel provided by the association in every case where an arrest is made. Most of the new law's provisions apply to Sunday, but it is made a violation with a penalty of forfeiture of the license to sell either liquor or soda water to a person under 21 years of age. All side rooms, rear rooms and partitions are abolished. On Sundays all screens and curtains on doors and windows are to be removed. Clubs occupying an entire building may sell on week days without the restrictions as to partitions.

"Saloons must close at midnight on Saturdays all over New Jersey."

The capital stock is $25 000 of which amount $9500 has been subscribed.

E. FRANCIS YOUNG AND MARIE STRAUB, IN QUO VADIS A LA MODE AT THE BELL NEXT WEEK.

Bert Levy is to be at the Bell Theater next week. He gained fame as a cartoonist and rapid sketch artist on the New York Morning Telegraph and now he is touring the world drawing pictures that amuse the audiences immensely. As his pictures develop they are thrown upon a screen by a machine that enlarges them until they are eleven feet wide and fifteen feet high. As a rapid sketch artist Bert Levy is said to have no superior in the world. He is drawing the largest salary of any man ever to appear at the Bell and is looked upon in the vaudeville world as furnishing a distinctly star act.

And Billy Link and his wife, Miss Willette Charters, according to her stage name, are also to be at the Bell. Billy Link has been handing out fun for the last twenty-two years. He was successively the star clown with Barnum and Bailey, Forepaugh and Ringling Brothers' big shows and in vaudeville he is known all over the world. Some time ago he returned from a tour to Europe. He played in London and of his appearance at the Alhambra Theatre, London, the Hippodrome said: 'London is laughing over Billy Link. The black-face monologist did not cross the pond to make people serious. 'Life,' he says, 'has its ups and downs—especially now that lifts are so much in vogue.' Billy Link's fun sweeps all before him like a whirlwind in its most frolicsome mood." In the same issue the Hoppodrome says this of Mrs. Billy Link: "Willette Charters has a soprano voice of delightful quality, and judging from the reception accorded the singer, the name of Willette Charters is likely to become a familiar one on the English vaudeville stage. In this country we appreciate ability, and the possessor of such a highly cultured voice as that with which this vocalist is endowed, is not likely to be overlooked by the capricious British amusement goer."

Another feature of the bill is to be furnished by the Bothwell Browne Gaiety Girls, who are to present "Fun in the Green Room," a musical burlesque. Twenty of the Gaiety Girls are to take part in the production and it promises to be one of the most pleasing features the ballet have yet presented. Moving pictures will complete the bill.

DECLARES HER LOVE WAS PURE

Mrs. Tessie Schiwinski, Shot by Phillips, Says He Acted as Brother.

The coroner's jury in the case of Charles W. Phillips, who last Monday morning committed suicide by shooting himself in the head after having attempted to murder Mrs. Tessie Schiwinski, with whom he was living at 608 Ninth street, this morning found that the deceased had come to his death from the effects of a gunshot wound in the head, self-inflicted, with suicidal intent.

The only witnesses called at the inquest, which was held at the local morgue at 10 o'clock this morning, were Dr. H. D. Bell, who examined the body of Phillips after its removal to the morgue, Mrs. Mattie Dilsaver, the landlady of the house where Phillips and Mrs. Schiwinski were rooming at the time of the shooting, and Mrs. Frances Murphy, who also rooms with her husband at the Dilsaver home.

WOMAN'S STORY.

Owing to the fact that she is still confined to her cot in the hospital from the effects of the wounds inflicted by Phillips, Mrs. Schiwinski was unable to attend the inquest, and last night Coroner Mehrmann went to the Receiving hospital and secured a statement from the woman, which was read to the jury by the stenographer this morning. Following is the story of the shooting told to the coroner by Mrs. Schiwinski:

"My name is Tessie Schiwinski. I have known Charles W. Phillips since one week before the earthquake in San Francisco, where I met him through friends. We were living at 608 Ninth street in this city, where the shooting occurred. I received the injuries about 11 a. m. last Monday. No one was present when the shooting took place.

"I had been washing, and after I finished I went into the room where Phillips was shaving at the table. I said to him, 'You are very lazy this morning. I have done a washing while you have been asleep.' He answered, 'Yes, you are very industrious,' and laughed pleasantly.

"I then went over to the table, and Phillips got up to put his shaving apparatus away. While I was looking at something on the table, he went into the closet, and when I turned my head and looked at him, I saw that he was changing his clothes. I did not notice that he had closed the door between our room and the sitting-room.

TERRIFIC CRASH.

"All at once there was a terrible crash in my head, and one of my teeth fell out into my mouth. I took it from my mouth, and laid it on the table, turned around, and saw Phillips coming toward me. It came into my mind afterward that he said 'Fourth of July fireworks,' and then he smiled, and I saw that he was cocking his pistol. Up to that time I had seen no pistol, and did not know that he was near me.

"He must have slipped up cautiously, until he was within about four feet of me. The bullet struck me near the teeth and went into my mouth.

"When I saw him cocking his pistol I jumped toward him and said, 'Oh, Charlie, what are you doing?' I think he said, 'I can't stand this any longer.' I tried to get the pistol away from him, and we struggled toward the door. When we got close to the door he threw me back, and shot me again under the right breast. I did not fall, but he held me off with one hand when I tried to get the pistol away from him.

"He evidently changed the pistol from one hand to the other, for he had held it in his right hand, and he was shot in the left temple, as near as I can remember. When he shot himself, he sank down at my feet with his head at my knee, and I saw the pistol-wound in his head. He sighed twice after he sank to the floor and that was all."

LIKE BROTHER TO HER.

In answer to a question of the Coroner as to whether she and Phillips had occupied the same room all the time that they were living at the Dilsaver residence, Mrs. Schwinski said:

"No, not altogether, only when I required his attention at night. I was very sick after the earthquake, and was thrown on his protection by circumstances over which I had no control. For weeks and weeks, while I was bedfast, he was a brother to me, and I can honestly swear that he always acted as a brother to me. I had cut my foot in escaping from our house at the time of the earthquake, and was just getting able to get out on crutches when the shooting occurred.

"All the time that I was sick he took care of me. He was never morose except on account of money matters. He sometimes complained that he did not have money enough. He had been out of employment for some time, but there was never any trouble between us, and he never gave me any cause to think that he would take his own life.

"He drank a little, but he never became crazy from the effect of the liquor. It only seemed to affect his brain, and he would talk foolish, about wanting to enter the prize ring. This seemed to prey on his mind, but I do not know whether he ever took part in a prize fight. He was a very strong man, and had done a great deal of boxing in athletic clubs.

"There was no blood relationship between us. He was a divorced man. My sister and myself always looked on him as a brother, for he had been a brother to me in time of emergency."

OTHER TESTIMONY.

Dr. H. D. Bell, residing at 1014 Twenty-fourth street, who examined the body of the suicide at the morgue, testified that death was caused by the destruction of some of the vital centers of the brain by the bullet which Phillips fired into his head.

Mrs. Mattie Dilsaver, with whom Phillips and Mrs. Schwinski roomed, testified that Phillips came to her house two weeks after the earthquake, and engaged a room, and later brought Mrs. Schwinski to the house, representing her as his sister. Mrs. Dilsaver said that she had no knowledge of any trouble between the pair, either on the day of the shooting or previously.

She was on the front steps of the house when the first shot was fired, and until she heard the second shot, thought that a lamp had exploded in the house. She also described the position in which the body of Phillips lay, and said that Mrs. Schwinski had said to her, "Charlie has shot me. Help me."

Mrs. Frances Murphy, who, with her husband, lives at the house where the tragedy was enacted, testified that she had known the deceased and the woman who was known as his sister, only since their coming to the Dilsaver home. She said that she had never heard of any trouble between them.

Mrs. Ralph Kallock, a sister of Mrs. Schwinski, whose home is in San Francisco, was present when her sister made the statement to the coroner, and she confirmed all that Mrs. Schwinski said regarding her relations with the deceased.

The remains of Phillips have been shipped to his relatives in Los Angeles for burial.

NEWS OF PEARY IS LACKING

Fear Is Felt That He Has Lost Life on North Pole Search.

CHICAGO, July 7.—A dispatch to the Record-Herald from Washington says:

That Captain Robert E. Peary has sacrificed his life in the effort to discover the north pole is the fear of naval men here, who are worried by the failure to get any tidings of the ship Roosevelt, which sailed for the Arctic regions July 16, 1905.

Advices from the American Geographical Society add to their fears. Reports are that the weather in the far North this spring and early summer was more than usually rigorous, that severe storms have been frequent, and that the ice is heavy. Consequently, it is feared that Peary's ship may have been ground to pieces by the drifting ice.

The explorer's plans, when he left last summer, were to proceed to the farthest possible point of land north of Cape Sabine, and within 500 miles of the pole. There he was to establish a winter base and make all preparations for a dash across the ice this summer as soon as weather conditions would permit. This he expected would not occupy more than six weeks, and according to his calculations, he would reach home not later than October of this year.

Esquimaux and dogs, it is supposed, were taken aboard the Roosevelt last summer, for it is on the hardy inhabitants of the Polar region that Peary has always relied. It was thought, however, that a whaling vessel might bring some tidings of the Roosevelt, and the failure of any news of the expedition to reach the outside world for so many months is arousing the keenest anxiety.

THE GUINEA PIG PROVED IT

That dandruff, itching scalp and falling hair, are caused by a germ or parasite is now recognized by dermatologists everywhere.

A notable demonstration was by Drs. Lassar and Bishop, who took dandruff scales from the head of a student who was losing his hair and having made a pomade of them with vaseline, rubbed the same upon a guinea-pig, and the pig became bald. (See Geo. Thomas Jackson, M. D., on diseases of skin, 4th edition.)

Newbro's Herpicide kills the germ that causes dandruff, itching scalp and falling hair. Keep your scalp in a sanitary condition with Herpicide and extraordinary results will follow. Stops itching of the scalp instantly. Try it.

At Drug Stores. Send 10c. in stamps to The Herpicide Co., Dept. N., Detroit, Mich., for a sample.

BABY FALLS FOUR STORIES UNINJURED

CHICAGO, July 7.—"Goo-goo-goo!" gurgled Baby Providence Blanda, as she waved her little arms and tried to tell a agthering crowd how it felt to fall four stories and alight unhurt, comfortably seated on a hard cement sidewalk.

When neighbors who had heard of the accident came to the Blanda home today to help the mother make arrangements for the funeral, they were amazed to see the fourteen-months-old baby prattling to herself in one corner of the room, while visitors chatted of its strange escape from death.

Leonard Warner, two years of age, floated from a third-story window at 427 Twenty fifth street on a window screen today. The right arm of the child was wrenched, but this was the only injury. The little boy was trying to catch a noisy bluefly that had flown against the screen. He leaned against the screen, which fell. The boy, leaning on the screen, arrived at the sidewalk without change of position.

PLUMBERS ON STRIKE ARE WEAKENING

SAN FRANCISCO, July 7.—The plumbers who are asking for $6 a day in spite of the dictum of the building trades council to the contrary, are still holding out, but there seem to be an opinion prevailing that the trouble will be settled by next Monday, the men returning to work on the old basis of $5 a day. Many of the men have already returned and those who are still holding out for higher wages are not so insistent in their demands. Public opinion and the attitude of the building trades council have done much to discourage the strike.

SAY DEEP WATERWAY PROJECT IS FEASIBLE

CHICAGO, July 7.—The directors of the Chicago Commercial Association at a meeting yesterday approved the proposed deep waterway to the Mississippi and the gulf and decided that the drainage canal ought to be turned over to the government if it will complete the work to St. Louis.

E. S. Conway, chairman of the deep waterway committee, made a general report to the meeting. The report recites facts and conditions as ascertained in a personal investigation covering three months and holds that when the advantages to be secured to commerce by the all-water route are fully understood there will be a popular demand for its construction.

The report declares the project to be perfectly feasible. The directors accepted the report and voted to continue the committee in its work.

Prominent Member of Local Elks' Lodge Absolved by Court.

George H. Parris, a prominent member of the local lodge of Elks, who was arraigned last Saturday on a charge of drunkenness, in department 2 of the police court, was this morning found not guilty by Police Judge Samuels. It was proven by the testimony of a police officer that the accused was innocent of the charge against him, and this proof was rendered stronger by the fact that the arresting officer failed to appear in court to prosecute the case.

CHINESE PLOT TO MURDER

PHILADELPHIA, July 7.—Sensational testimony was offered today at the coroner's inquest in the case of Dong Soo, a Chinaman, who died from gun shot wounds received during a factional fight in Chinatown on the night of July 4.

Lee Toy, who was long known as the "Mayor of Chinatown," testified that at a recent meeting of the band of "Highbinders" several men were marked for assassination, among them Rev. Frederick Poole, an Episcopal missionary who is located in the Chinese district. Mr. Poole was shot during the disturbance on July 4, and is now in a hospital.

Lee Toy stated that the murder was to be committed during the celebration of Independence day. He further testified that he saw Young Gow fire at Dong Soo.

BIRMINGHAM, Eng., July 7.—This is "Chamberlain day," and the whole city, irrespective of politics, is enjoying a holiday in honor of the distinguished tariff reformer, Joseph Chamberlain, who today celebrated his seventieth birthday. There are decorations everywhere, the city is filled with visitors and all sorts of processions and entertainments are going on. The Lord Mayor and Lady Mayoress gave a reception and luncheon to Mr. and Mrs. Chamberlain, who were accompanied by Mrs. Endicott, (mother of Mrs. Chamberlain) of Boston, Mass. Subsequenty the party made a tour of the parks where thousands of the city school children were especially entertained. TUNNEL WORKERS THREATEN STRIKE

NEW YORK, July 7.—A committee was organized yesterday representing the Central Federated Union which threatens a strike of all the workers employed in the Hudson and East river tunnels. On this committee are delegates from the unions of rock drillers, eccentric engineers and double drum hoisters. They say they control enough of the labor in the tunnels to tie up all the work under the two rivers if they should decide on a strike.

James Holland, chairman of the committee, announced after the meeting that the contractors in charge of the tunnel work would be notified on Monday that union conditions must prevail in all the tunnels.

Superintendent Myers of the engineering department of S. Pearson & Son, who are building the Pennsylvania's East river tunnels, ridiculed the threat to strike.

W. R. HEARST WILL NOT TRY FOR PRESIDENCY

WILLIAM RANDOLPH HEARST.

Editor States Position and Gives Reasons Why He Will Not Be a Candidate.

William R. Hearst, who is stopping at his Pleasanton home, gave out the following interesting interview:

"I would like to state very positively that I am not a candidate for the Democratic Presidential nomination in 1908.

"Mr. Bryan said the other day in London that there were others beside himself who had claims on the nomination through services rendered the Democracy, and mentioned pleasantly Mr. Folk, Mr. Bailey and myself.

"While appreciating Mr. Bryan's compliment, I must decline to be considered a candidate. Let the list stand, if Mr. Bryan pleases, Bryan or Folk or Bailey. For my part, I would substitute Stevenson for Bailey.

"Mr. Bryan's services to the Democracy are too well recognized to be rehearsed. He has led the party conspicuously in two Presidential campaigns and one Senatorial campaign. In the national campaigns he has made the issues himself and expounded them with a brilliancy unequaled, unapproached.

FILK'S SERVICES.

"Mr. Folk's services to the Democracy are notable and real. In fact, his services have been rendered to all citizens, irrespective of party, for his career as an honest and efficient public servant is an example to Republicans and Democrats alike.

"As for Mr. Bailey. Well, Bailey's services have been rendered to that corporation end of the Democracy that I do not consider Democracy, and whose control of the machinery of the Democratic as well as of the Republican party has led me to seek my ideals of the Democracy of Jefferson and the Republicanism of Lincoln in the Independence League.

"Bailey's nomination for first place even by the machine that nominated Parker would be impossible, but Bailey's nomination for second place is conceivable. It would have the material advantage of insuring Texas to the Democracy and of eliciting a substantial campaign contribution from John D. Rockefeller. But its disadvantages are obvious. Folk and Bailey, for instance, would be an oil and water ticket that wouldn't mix—a ticket of good, pure water and Standard Oil. Bryan and Bailey would be alliterative and tickling to the ear, but would sound too much like Barnum and Bailey to suit the discriminating taste of the convention.

WASTE HIS FRAGRANCE.

"So Bailey, I am afraid, must continue to waste his fragrance on the desert air of the senate. But there is Stevenson of Illinois, than whom there is no finer figure among Democratic statesmen. He stands with Tilden and Thurman, a noble type of true American, an old-fashioned Democrat, respected by all men, but neglected in the greed and graft of modern politics. Why not Bryan or Folk or Stevenson in 1908 on the Democratic side, and why not Roosevelt or La Follette on the Republican side?

"I repeat, definitely and positively, that I am not a candidate. I made the fight in 1904 for what I considered true Democracy, for the Democracy I had been taught and the Democracy I believed in, for the Democracy that represented the will of the majority and the best interests of the majority."

"I made the fight against what I honestly believed to be, and still believe to be, the forces of corporation corruption. I offered to lead that fight only when no other would undertake the task. I consider that I did my duty in that contest, but I will never undertake another in that way. A man's motives are much misunderstood and his purposes much misrepresented if he can be charged with having a personal object to attain.

"I am, moreover, well pleased, as I am well satisfied, to use the power of my publications to drive out of office the white slaves of the trusts and to promote the fortunes of the honest servants of the people, and I cannot do this effectually if I am mixed up in purely party politics.

POLITICAL FAIR.

"In the political fair, whenever I see a trust owned head I am going to hit it, no matter what party it is said to belong to. I have been hitting the corporation crown of Mr. Tom Taggart, best known as a gambling-house keeper and after that as chairman of the Democratic national committee, and I am glad to see that the Governor of Indiana has just ordered the attorney general to proceed against Mr. Taggart for maintaining a gambling den, and that the sheriff has raided his establishment.

"I have been hitting the head of Mr. Guffey of Pennsylvania, a gentleman who is a politician in business and a Standard Oil agent in politics. I am glad to see that the sincere Democrats of Pennsylvania have repudiated Mr. Guffey and have united with the Lincoln Republicans in an honest effort to represent the people.

DOING GOOD WORK.

"I think I am doing a work that is of value to my fellow-citizens, and I am content. I do not say that I will not run for any office, for I am willing to run, as I did last fall, to break up a political trust, a criminal combination, between both political parties, or to help defeat those wretched little political sneak thieves that are lifted into the open window of public office by the corporations, to pass out to them the people's property. I am willing to join in any independent movement the object of which is to free parties from boss rule and corporation control and to give the people a free voice in the management of their own affairs.

"I am eager to see the line drawn, irrespective of party, between those that believe in special privileges and those that believe in popular rights, between the producing classes and the plundering corporations, and wherever that line is drawn I will gladly fight in the lead or in the ranks, as required."

TRANSPORT 'THOMAS' STRANDED

Transport on Coral Reef With Much Gold On Board.

MANILA, July 8.—The transport Meade leaves today (Sunday) to render assistance to the transport Thomas, which is reported ashore on a coral reef near the island of Guam.

REPORT ON TROUBLE.

WASHINGTON, July 7.—The Navy Department today received two cablegrams from Commander Potts, naval governor of the island of Guam, relative to the stranding of the army transport Thomas. The first cablegram simply reported that the ship was on a reef near Guam and that the station ship Supply had been sent to her relief. The second message reported that the Supply was unable to pull the Thomas off and that tugs were needed, but none was to be had at Guam. Commander Potts further reported that the Thomas is lying easy and if present conditions as to weather continue she is in no danger.

The Navy Department is in communication with Manila in an effort to find a suitable vessel there to proceed to Guam, but it will be at least a week before one can reach that place. The Thomas is freighted with $1,750,000 Philippine gold. There are aboard ten army officers, seventy-nine civilians and four army nurses.

LIGHTHOUSE TENDER SAFE

Thought to Be Lost, but Was Anchored, Waiting for Less Wind.

WASHINGTON, July 7.—All anxiety for the safety of the lighthouse tender Laurel was relieved today when the lighthouse board received a telegram from Lieutenant-Commander Hood, lighthouse inspector at Key West, reporting that she had been anchored under Lobos Light from June 25th to July 2nd. The Laurel was due at Guantanamo June 27th, and when she failed to show up there several days after that date, Lieutenant-Commander Hood left Key West with the tender Mangrove in search of her, and at his request the naval tug Osceola also was sent out from Key West to look for the missing tender. The Laurel was waiting for less wind before leaving the anchorage at Lobos Light.

CHICAGO REBATE CASES POSTPONED

CHICAGO, July 7.—Judge Landis today in the United States District court deferred action on the motion for a new trial in the Chicago & Alton rebate case until Wednesday to allow the attorneys for the defense to show to the court that the arrangement between the packing company and the railroad was well known among shippers and not a secret rebate.

No sentence will be passed until after the motion for a new trial is disposed of.

DREYFUS ASKS ONLY HIS HONOR

Much Persecuted French Soldier Scorns Money Offered as Balm.

PARIS, July 7.—In concluding his argument before the Supreme Court today in behalf of Alfred Dreyfus, Maitre Mernard announced that Dreyfus positively refused to acept the damages which the law accord a victim of judicial mistakes and asked solely for the restoration of his honor as an officer without any proceedings against the witnesses or author of the mistake. The arguments were then closed and the presiding judge announced that the decision of the court would be given at a subsequent session. The deliberations of the judges will begin Monday and a decision is probable by the middle of the week.

SMITH WILL BE GOVERNOR

Californian to Rule Philippines When Ide Retires.

WASHINGTON, July 7.—By the appointment of Attorney General Wilfley of the Philippines to the judgeship of the United States Court in China and by the promotion of Gregorio Araneta, the present solicitor general of the Philippines to the attorney generalship of the islands, two prominent candidates for places on the Philippine commission have been eliminated and a decided change has been brought about in the political situation in the islands.

Henry C. Ide, chairman of the Philippine commission and governor of the islands, will retire from office in September. James F. Smith, who is now a member of the commission will be advanced to the chairmanship and governorship and consequently there will be a vacancy in the commission for which Attorney General Wilfley has been prominently mentioned.

T. H. Pardo de Tavera, a native member of the commission, offered his resignation some time ago, but it has not been accepted yet and until the appointment of Gregorio Araneta to the solicitor generalship it was quite generally believed that he would succeed Tavera on the commission.

HOTEL CHIEF BUYS HIGH-PRICED BUILDINGS

NEW YORK, July 7.—Becker, chef of the Holland house, has evidently found catering to the gastronomic fancies of New York city a profitable employment, if the records of the Real Estate Exchange are to be believed. Mr. Becker purchased yesterday from the Germania Life Insurance Company two elevator apartment houses at 206 and 208 West Ninety-fourth street, paying $300,000 for the property.

It was learned that Gustave Becker for some time has had a considerable interest in the hotel where he is employed. The chef's ability to find bargains in real estate is not unknown to dealers, and it is said he knows as much about profitable localities as he does about the last delectable sauce piquant.

Mr. Becker admitted with a show of nonchalance that he owns the fine apartment house at 204 West Ninety-fourth street, where he has lived for a long time. He seemed surprised that it should be considerede unusual for a chef to own a home in a fine residential district.

BEGGAR TO JAIL FOR SIXTY DAYS

William Toy, charged with vagrancy by begging, when arraigned in department 1 of the police court this morning, entered a plea of not guilty and demanded that he be tried at once, but when he found that his case would have to be continued and that he would be compelled to remain in jail in the interval he quickly changed his plea to guilty. Acting Police Judge Quinn sentenced Toy to sixty days' imprisonment in the city pris-

GERMANY IS AFTER FRIENDS

Giving the Glad Hand to Edward and His Subjects.

BERLIN, July 7.—The efforts, official and private, made to bring about better relations between Germany and Great Britain have had pronounced success. Emperor William is active, outside of the regular channels, in impressing Englishmen with the fact that it is his purpose to leave nothing undone on the German side to restore agreeable relations. His Majesty met a British naval officer at a yacht club dinner at Kiel recently and talked with him for half an hour on the needlessness and harmfulness of bickerings between Great Britain and Germany and the determination on his part to preserve not only peace, but to cultivate good will and confidence.

The German journalists who recently visited England have since their return filled the editorial pages of the most important newspapers with their observations, showing the causelessness of any ill feeling between the two countries and detailing a thousand arguments for peace and the co-operation of German friendship.

A committee is about to invite fifty British editors to make a return visit to Germany. The committee includes the President of the Prussian House of Lords, Prince von Inn Und Knyphausen; the President of the Lower House of the Prussian Diet, Herr von Kroecher; Prince von Donnersmarck, Prince von Arenberg, Baron von Gemmingen-Guttenberg, chief of the cabinet of the King of Wurtemburg, and 800 other persons occupying prominent positions in politics, university and financial life.

There is some expectation that King Edward will come to Germany for the christening of his grand nephew, which is to occur August 12th.

COUNCIL PRESIDENT IS PUT OFF A CAR

PHILADELPHIA, July 7.—Smoking a big black cigar, Thomas F. Armstrong, President of Common Council, boarded a Haddington car on Market street yesterday afternoon at the corner of Fifth street. He stood on the front platform and puffed vigorously at his weed. Long streams of black smoke streamed through the car, and while the President of Common Council appeared to be enjoying his smoke, the people in the car were not.

"Why don't you tell that fellow to stop smoking?" demanded one of the passengers of Conductor No. 1247, who had charge of the car.

"I'm afraid," responded the conductor.

"Afraid of what?"

"Say," said the employe of the traction company, "do you know that's Tom Armstrong?"

"And who's Tom Armstrong?"

This question was a poser for the conductor, but he finally walked to the front platform, and, touching Armstrong on the shoulder, said: "You'll have to ditch that stogie."

Armstrong refused, and then the conductor said: "You will have to get off."

He rang the bell to stop the car, and President Armstrong got off, still clinging to the end of his cigar.

DIES OF GRIEF OVER RUIN AND DEATH OF WIFE

SAN FRANCISCO, July 7.—The loss of his property in the fire, and the loss of his wife a week ago, broke the heart of Carl Marty, a retired merchant, residing at 1545 Vermont street, and as a result he died of grief. He was found dead in bed this morning and his friends say that there is no question but that a broken heart was the acutla cause of death. He remains have been taken charge of by Coroner Walsh, who will hold an inquest.

Marty and his wife, it is stated, were more than ordinarily devoted to each other. Since the funeral the aged husband had often expressed a wish to join his spouse on the other side.

ENTHUSIASM DISPLAYED OVER BOND-ISSUE PLANS

Berkeley Men Meet in Committee to Discuss Coming Municipal Election.

[illegible]

REPORTS MADE

[illegible] ing we ... issues of the bond campaign.

Some of the partial reports given last night held quite thorough and convincing arguments for the success of the bonds. That with reference to the town hall for example was merely a statement of the cost to the municipality of the present leased quarters. It was presented by Clarence Merrill and gave the following figures: $3150 rent per year for present town hall; $210 interest on portion of present town hall site; $800 70 interest on portion of present town hall site; $4 rent per year of superintendent of schools office. Total expense per year $4089 70.

Add to this the prospective expense of $100 per month for an emergency hospital now needed, carfare etc, expense of taking prisoners to Oakland because of lack of jail, said Mr Merrill.

Consider also need of more room in every department, poor protection of town records on engineering department etc.

At 4½ per cent per year interest on $137 000 for the first year would be $6165; for second year after paying off a portion $610 87 interest each year decreasing in fact average interest of about $600 per year and afterwards we own the hall.

To the interest we add janitor's salary, cost of water, cost of insurance and the cost of maintenance. However ... proposed hall none would be one ... for which the town could rent ... than $100 per month.

DETAILS OF ELECTION

The ... date of election were ... and ... citizens present pledged themselves to work unceasingly for the bonds until the last vote is in on the night of election. None feared that the citizens would vote against the bonds. The sentiment of the community seems to be unanimous in favor of the improvements contemplated. The danger lies in the fact that it takes a two thirds ... to carry the election and it is feared that the citizens especially the commuters may carelessly neglect to vote thus blocking the city's advance for many years.

COLUMNS THROWN OPEN

The publicity committee announced that the two Berkeley papers had graciously placed their columns at the disposal of the committee and arrangements were being perfected to have special editions printed on at least two days prior to the election in which the full data regarding the merits of the various bond issues would be published and every house in Berkeley would be supplied with copies of the papers.

A special finance committee composed of A W Naylor, G P Baxter, H H Camper, Elmer Cole and S N Wyckoff was appointed to raise necessary funds to carry on the campaign. As this work is to be a labor of love neither the city trustees nor the school board will be asked to supply a cent for campaign work.

A great deal of enthusiasm was displayed and it would seem that Berkeley is determined to register herself in the column of advancement.

OUR MARINES CANNOT SWIM

This Circumstance Cause of Drowning of Five Men.

CHICAGO, July 7—Officials of the Federal Government will begin today an inquiry into circumstances connected with the drowning of the five naval reserve men who lost their lives late Thursday night. Lieutenant J H Quinan of the revenue cutter service, Assistant Inspector of life saving stations on the Great Lakes, will head this court of inquiry.

Of the seven men in the dingy, the only ones who could swim were the two survivors, Thomas Coffey and Frank Randall. The fatality naturally brought up the question whether a naval recruit should be taught to swim before being drilled in rowing. Several relatives of the drowned sailors stated that they considered it negligence that the men were not first taught to swim.

"It is not required by the State Naval Reserve, or even by the United States Navy, that a recruit shall learn to swim. The rules of both provide that the sailors shall learn to swim at early convenience," said Lieutenant Page who ordered the reserves to drill Thursday night. "When I was a sailor aboard the battleship Oregon, fully 100 members of the crew could not swim. I attribute this accident more to the fact that the men became panic-stricken than to any squall or to their inability to swim."

COACHMAN AND GIRL MISSING

Mother Thinks They Have Eloped and Seeks Record of License.

Mrs de Lancy Sturt who states that she is the wife of a Philadelphia millionaire is fearful that her daughter has married a coachman. The mother believes it was a secret wedding, and she has visited the County Clerks of San Francisco, Marin and Alameda counties in search of a license which may have been taken out by the coachman, whose name is Hawkins.

Mrs. Sturt said yesterday that she had fled from Philadelphia with her daughter to avoid the attentions of Hawkins, an English coachman. He was employed by the Sturts in the East, and often drove Eva Sturt about the city. He fell desperately in love with her, it is said, and when he offered her his hand and heart, she promised to be his wife. Now Mrs Sturt, who is looking for Hawkins, is of the opinion that they have been secretly wedded. She says that Hawkins claims that he comes from a noble family, but she states that if her daughter has married the coachman she will see that they are soon separated.

According to Mrs. Sturt's statement in the various offices of the County Clerks she has visited, the coachman pursued them from Philadelphia through the west with the intention of wedding the daughter. The clandestine courtship went on for many months before the girl's parents grew suspicious.

The parents of Eva Sturt made serious objections to the suit and told the daughter that she could not marry the coachman and finally took her away from Philadelphia. Hawkins was discharged but having faith in the girl who had promised to marry him he followed to this coast and the disappearance of the daughter leads one to believe that his long trip has ended satisfactorily to him. Mrs. Sturt, however has been unable to unearth any marriage license in the name of Hawkins.

have not vomited. It relieved me at once; have taken quite a few bottles and I consider myself perfectly cured. Two friends, Mr Crawford Ferris and Michael Burns were also cured. Mr Sutro ex-Mayor's son first recommended it to me."
His friend Mr Crawford Ferris, 1615 Ellis street says: "Troubled with gastritis for 16 years. I have taken all sorts of medicine without any permanent effect. I must say after I saw how it cured my friend John Delaney I commenced taking it about 9 months ago and I am now entirely cured of a stomach trouble that almost killed me."

TRIBUNE'S PAGE OF SPORTS EDITED BY EDDIE SMITH

FINAL GAME OF FOOT-BALLERS

The Independents of San Francisco and the Albion Rovers of Oakland will meet in the final match of the 1905-1906 season for the California Association football cup at Freeman's Park, Golden Gate, tomorrow at 2:30 p. m.

The Independents beat the Vampires six goals to one goal in a practice match at Freeman's Park on Sunday, June 17. Their forward line is specially strong, the Independents having scored a greater number of goals during the season than even the Oakland Hornets, who won the 1905-1906 championship of the California Association Football League without suffering a single defeat. One match against the Independents was drawn. The Albion Rovers have a good eleven, their defense being stronger than that of the Independents, while Petrie, their captain and outside right, is as good a forward as there is in the league. The teams will be made up as follows:

Albion Rovers—Goal, Low; fullbacks, Bayne and Tierney; halfbacks, McKay, Mulligan and Anderson; forwards, Guilbert, Petrie, Milne, Ainsworth and McCallum.

Independents—Goal, Pegg; fullbacks, Souter and Milne; halfbacks, Ballmain, Mechles and Duncanson; forwards, Jones, Fay, Hyatt, Fay and Higgins.

The California Association football union cup, presented by Frank Jones, president of the Independent Association Football Club, was burned in the donor's premises on Jessie street. A subscription list has been opened to provide a fund for the purchase of a new cup.

The medals won by the Oakland Hornets, champions of the California Association Football League for the season 1905-1906, were destroyed in the fire. As there are no tools for die cutting in San Francisco or Oakland at present, new medals will be manufactured either at Sacramento or elsewhere.

Late advices from Germany, stating that the lone American in the Herkomer touring contest did get an award of a medal, are encouraging to the belief that maybe American makers have a "look in" at foreign contests after all. The news of the award confirmed a private dispatch from Percy Pierce to the effect that he finished the run with a clean score.

NEXT TENNIS TOURNEY IN FALL

SAN FRANCISCO, July 7.—The next tennis tournament of importance will be the annual coast championship event. This is the most important meeting of the year, and the most interesting. As in the past, it will be held the first wek in September at San Rafael. Besides the city cracks there will be experts from all parts of the state in the various competitions. George Janes is the singles champion, while the holders in doubles are Harold Braley and Simpson Sinsabaugh of Los Angeles.

The coast championships should prove better this year than they were last. Charles Foley, the premier racket-wielder of this section of the state, will compete and will probably carry of the honors. Foley has proved in the past year that he is the best player in the bay counties, despite the fact that he was beaten in the state championship tournament. Foley has won a majority of the tournaments played and is entitled to first place. Another promising candidate is young Maurice McLoughlin, the juvenile champion. This young expert opened the eyes of the experts when he almost defeated Coast Champion George Janes. McLoughlin is improving every day, and should be at the head of the list within a year.

NOTES OF THE AUTOS AND RACERS

The fact that Joe Tracy and a locomobile will compete in the Vanderbilt race is considered to raise the percentage of chance for an American car to win, and there may yet be some betting done.

Lastly, the Grand Prix with a large percentage of break downs, comes as a further emphasis to the need for increasing the weight limit of racing machines. Every large road race of recent years has contributed to the argument and some of the best makers on both sides of the water are now beginning to keep out of racing because they do not consider that they can build a car of sufficient power to win and yet of sufficient strength to be safe within the limit of 2204 pounds. Charles Clifton of the George N. Pierce Company, one of the most conservative of the big American concerns, is on record as saying that the firm would hardly consider the building of a racing car so long as the weight limit remained at 2204 pounds. This sentiment is rather on the increase. The limit was established originally to check the building of cars of monstrous size and weight. The evil was stopped, but the new tendency to trespass the factor of safety, which is a corollary of the trend toward higher horsepowers, is beginning to loom as something even more serious.

The automobile affords another illustration of the fact that machinery is replacing man. A Spanish laundress recently chose a motor car in preference to a fitted husband.

The sixth congress of the Chamber of Commerce of the British empire will open on July 10 in London. Various subjects of interest to British people, particularly concerning trade, will be discussed. One of the resolutions to be presented by the Canadian Manufacturers' Association urges the advisability of arranging at an early date reciprocal preferential trade measures between the united kingdom and the other portions of the empire.

The idea of using motor trains in South Africa is thought to be growing popular, reports Consul General Washington of Cape Town. It is figured that the advantages of economy in fuel saving and a lesser train crew will make them advantageous for branch lines of railways. Mr. Washington adds that "attention may well be given to this by American manufacturers, who should instruct their South African agents to investigate the possibilities.

RESULTS OF GAMES.

Oakland, 5; San Francisco, 2.
Fresno, 10; Los Angeles, 2.
Seattle, 5; Portland, 3.

The locals evened up matters in the present series with the Seals by taking yesterday afternoon's game. The Oaks won all the way, and won in clean cut and decisive manner, although Roy Hitt did the twirling for the visitors. At the finish the score was 5 to 2.

The Seals started the run-getting, a single by Spencer, a sacrifice by Wheeler and a single by Kid Mohler permitting Spencer to make the first tally. After that the Seals did nothing until the sixth, when Mohler came around on a fearful muff of his pop fly to Devereaux that let the Kid go all the way to second, a stolen base and Hildebrand's two-bagger.

The Oaklanders went out in one, two, three order in the first interval, but came strong in the second. With one man down Bliss cut loose with a clean two-bagger. Devereaux hammered one to Wheeler that George let go between his legs. When Francks went out, third to first, Brick went to second, and Haley's timely single scored the two runners.

After the Refugees tied the score in the sixth the Athenians came again. Kruger opened up first man with a clean cut single. Heitmuller flew out to left, and Bliss went out, pitcher to first, advancing Kruger to second. Devereaux singled, sending Kruger to the third station, and when Buck Francks lined out a terrific drive for three sacks two more scored. Just to make sure the Oaks tacked one on in the seventh. Hopkins was safe on Nick Williams' error, and was sent to second by Van's sacrifice. Smith succumbed, but Kruger swatted the leather for half the route and Hopkins tallied, which was all.

Tomorrow there will be two games. At 1:30 o'clock the Oakland and Alameda Elks cross bats, and at 3:30 o'clock the Seals and Oaks will again appear. McDonald will umpire behind the plate in the first game, the original Matthew Oratorical Canavan taking control of the base-runners. The game will be for blood.

NEW OFFICIALS FOR BOAT CLUB

ALAMEDA, July 7.—The Alameda Boat Club has elected the following officers for the ensuing term of six months: W. C. Donnelly, president; George H. Miller, vice-president; W. H. Burnham, secretary; A. G. Bell, treasurer; W. C. Pratt, sergeant-at-arms; E. B. Thorning, captain; Henry Neilson, lieutenant-captain; F. S. Cone, Robert Farrar and Robert Merriam, members of the executive committee.

Judge Cone has been elected an official of the boating organization for the twenty-first time. A. G. Bell has also been on the staff of officers for many years.

The organization is arranging to buy some new skiffs and committees have been appointed to make the purchases.

THE ONLY GIRL BASEBALL UMPIRE

Amanda Clement is the only girl umpire in the northwest and it is probably true that she is the only woman who has ever held an indicator in professional baseball games.

This young woman has attracted much attention in western baseball circles this year. She is just 17 years old, good looking, strong and healthy, and at Yankton, where she is a student, she is the captain of the champion basket ball team of the Yankton college. At tennis she is admitted to be the champion woman player of South Dakota.

Dressed in a natty blue suit and short blue blouse, with her wealth of hair tucked beneath a cap, she is an inspiring sight on the baseball diamond, and, what is more, as an umpire she knows her business. She understands the fine points of the game, knows "inside play," and, being the possessor of an eagle eye, seldom makes a mistake. She is so superior to the common run of umpires throughout the northwest that her services are much in demand, and two months of the last season she has been constantly employed. With the money she has earned as an umpire, Miss Clements says she will be able to outfit herself for the next year in college at Yankton.

When Miss Clement began umpiring games she was an attraction, chiefly because of the novelty of seeing a woman in the position, which is generally considered the most trying even for a man. Miss Clement, however, did not consider her position a joke

FOLEY WINS A SILVER CUP

STOCKTON, July 7.—Through the default of George Baker of Sacramento to C. E. Foley of San Francisco yesterday won the Central California tennis championship and was awarded a silver cup.

Foley and C. R. Gardner of San Francisco won the doubles by defeating J. B. Francis and A. J. Lowell of Auburn 6-1, 6-4.

The consolation singles was won by Dr. Bush of San Francisco, defeating R. F. Drolia of Oakland 6-4, 6-3.

E. Higby and W. J. Hunter of Stockton won the doubles consolation by defeating E. M. Otts and Powell of Alameda 6-4, 6-0. The games were played on the courts of the Stockton Tennis Club.

No Wonder They Laughed.

Behind his paper he gave a loud laugh.

"Listen to this," he said. "This is an article on America from a London paper. It purports to give the popular American drinks and their common names, so any English tourist coming to America, may be at no loss to order the tipple he prefers. Listen, now, to what, according to this paper, we drink over here."

And the young man read off the following remarkable list:

An up—Large glass of beer.
An down—Small glass of beer.
A brown stone—Dark beer.
A marble—Light beer.
Misery—Gin.
Midnight—Sarsaparilla.
Midnight without—Sarsaparilla without ice.
A Newtown pippin—Cigar.
A bull's eye—Glass of wine.
A parlor full of razors—Claret and ice.

"Imagine a benighted Britisher," said the young man, "coming over here with some friends, entering a bar, and saying confidently to the bartender: "'My good man, fetch us one up, two downs, a parlor full of razors, three miseries, six Newtown pippins, a bull's eye and four midnights without.'"

BOWLING GAME BOOMING IN ALAMEDA

ALAMEDA, July 7.—Despite the hot weather much interest is being taken in bowling in this city and the local enthusiasts are piling up high scores.

The following are the high scores made on the Zingg alleys during the past week: John Lewis, 267; N. Lohse, 259 and "Doc" Merrill, 256.

In duck pins the following scores have been made: G. Williams, 134; W. Gliderman, 125; F. Cummings, 110; G. Saum, 121, 115, and 102; I. Gutte, 101; and John Lewis, 100.

News Notes From Mexico.

The imports into Vera Cruz from the United States for the fiscal year 1905 amounted to $7,141,013 out of a total of $30,547,432.

Sabinas has a new ixtle factory that is turning out large quantities of sacks and different kinds of rope. Employment is given to 200 women workers.

An American chemist in the City of Mexico says that sugar of the very finest grade can be made from the juice of the maguey plant. A company has been formed to try the experiment.

The average annual mineral production of the State of Sinaloa is estimated at $7,000,000. Titles are on record for 4500 mining claims and more than 8000 persons are employed in the mines.

A new plant called "malva" has been discovered in the State of Sinaloa that produces first-class fiber. Its cultivation requires little or no labor. It is much drier than the famous maguey plant.

Alcohol is to be made from la tuna, a fruit which grows on the cactus. As the cactus grows wild and flourishes best on barren ground that can not be cultivated to advantage, the expense for the raw material will be insignificant.

A wealthy company of Mexicans is developing coal mines near Sabinas. A five-foot vein of coal has been struck and three shafts have been sunk. The company has built 250 houses for its employes and are constructing 100 coke ovens.

Mazatlan has a factory that turns out 60,000 tortillas a day. A tortilla is a pancake made of mashed Indian corn baked on an earthen pan or flat piece of pottery. The new factory, which is operated by steam, has relieved the native women of much arduous labor.

A concession has been granted to a company of capitalists, mostly Americans, to harness a powerful waterfall located near Saltillo. The electric power generated at the falls will be transmitted to Saltillo, furnishing motive power for a trolley line and for manufacturing purposes.

The Mexican Coal and Coke Company, which is owned and operated by American capitalists, and located at Esperanza, Coahuila, is one of the largest coal producers in Mexico, the output being 40,000 metric tons of coal and 5000 tons coke a month. The company gives employment to 2000 men.

MISS SUTTON TOO FAT TO PLAY

While the defeat of Champion May Sutton was a surprise to many, it was really to be expected. The ex-champion, who is inclined to be fleshy, has taken on considerable weight, and it told in her match with Miss Douglass. Any time May Sutton gets a lead of 4-0 and loses the set there must be something wrong with her condition. Admitting that the new champion is fully as clever as Miss Sutton, she could hardly beat her out from a lead of 4-0 unless the California girl became fatigued.

Miss Douglass is said to be a clever net player, which also would account for Miss Sutton's defeat. A good net player will always beat a good back court player. Miss Sutton also plays a clever net game, but the effort to get up in her present condition would make her game rather ineffective at the net.

Miss Sutton with her sisters will play at San Rafael in September. As in the past, they will be the class of the women's events. Many other clever women players will also come from the southern part of the State.

BRITTS AND COFFROTH LEAVE

SAN FRANCISCO, July 7.—Jimmy Coffroth and Mr. and Mrs. Willus Britt started on an automobile jaunt to the south last night. Their destination is Los Angeles, which place they expect to reach by Monday night. They are making the trip in easy stages. A day will be spent in Santa Barbara.

Coffroth says that they are just journeying on pleasure and may be gone about ten days. The wise ones around O'Farrell and Fillmore streets, however, think they see something deeper in the trip than mere pleasure.

Coffroth has the August date, and as he and Willus are working together it looks as though they are going south for talent for the occasion.

Frankie Neil and Abe Attell are both there, and it may be that one or the other will be matched to fight in San Francisco during August.

HARRISON TO BE GIVEN DINNER

SAN FRANCISCO, July 7.—William Greer Harrison president of the Olympic club, will leave next week on a trip across the Atlantic. Before going the members of the club have decided to give him a farewell dinner in the club house on Eddy street. The dinner has been scheduled for Tuesday evening next at 6:30 o'clock. Tables are being reserved by the members for the occasion.

WEALTH OF NATIONS.

The latest estimate of national wealth by a competent authority was recently given before the British income tax committee by Mr. Mallet, one of the commissioners of inland revenue. Mr. Mallet placed the national income at $9,000,000,000, against the $3,500,000,000 of Prussia. The capital of the United Kingdom is estimated as $42,500,000,000, which was double that of France and four times that of Italy.

According to his estimate, the number of persons possessed of fortunes of over $200,000 was in the United Kingdom 30,000, in France 15,000, in Prussia 11,000 and in Italy 1500.

An Englishman with an income of $5000 pays $250 income tax; a Prussian pays $212.50 on $5000 of unearned income and $150 in case of earned income.

The wealth of the United States cannotbe estimated from any official source, but at the observed ratio of increase noted in 1900 it cannot well be less than $110,000,000,0000, and is probably considerably greater.—New York World.

PREACHER AT GOLF; NO OATHS

CHICAGO, July 7.—The Rev. James H. MacDonald, pastor of the Oakland Methodist Episcopal Church, is in training in the hope of winning national golf honors for Chicago. Although he will be compelled to match his skill against 125 of the best amateur players in the United States at the national amateur tournament to be held next week on the links of the Englewood, N. J., Club, the pastor is unabashed.

The Rev. Mr. MacDonald has been known as a golf enthusiast ever since coming to Chicago. His Scotch blood is said to have been largely the cause of this enthusiasm.

Then he had another reason for becoming a golfer. Friends had jestingly told him that the game was such that a clergyman could not follow it without increasing his vocabulary. Strong words were necessary for a real player, he was told.

"I will show that the Scotch game can be played without such a display of feeling," said the Rev. MacDonald. "If a clergyman would use his influence to raise the standards which obtain upon the golf links he might do much good."

MILLIONAIRE RULED OFF TRACK

DENVER, Col., July 7.—Charged with unfair methods in the handling of his horses at the Overland Park meet, S. S. Bernard, a Colorado Springs millionaire and owner of one of the greatest gold mines in Colorado, has been ruled off the track, ordered to remove his stable and forced to refund over $1000 he had won. Manager Wahlgren of Overland Park says:

"In the first heat of the race there was no betting on Mr. Bernard's horse, J. J. M. Jr., by those on the inside, and the horse did not win. That heat was trotted in 2:18. In the second heat I understand that Mr. Bernard had $600 bet on his horse and he won easily in 2:14. This was too much for the judges to overlook and they were forced to declare all bets off, and, as a result of the incident Mr. Bernard was ruled of the track."

Bernard denies that there was any crookedness in the matter.

The location in which to buy property, either for profit, for a home, or for quick transportation.

The growth of Berkeley, Oakland and Piedmont, the rapid service on the Key Route ferry and electric trains, construction of wharves and warehouses on the west bay shore is directing the attention of investors to 40th st. as the logical "crosstown business street of Greater Oakland." In recognition of its importance for quick "crosstown" intercommunication, all Oakland ave., Piedmont ave., Broadway, Telegraph ave., Grove st., San Pablo ave. and Hollis st. traction cars exchange transfers with the new 40th-st. car line at all intersection points. Take this trip and be convinced. The following are exceptional opportunities for investments.
$180 cash secures a $900 lot, the balance can be paid in easy monthly payments.
$224 cash secures a $1120 lot; the balance can be paid on exceptionally easy terms; all street work is free to purchasers, and the property is protected against undesirable improvements.
For sale at a bargain, a 33-ft. lot; only 1 minute walk from Telegraph ave. and convenient to the Key Route station. For further particulars
See
Richard J. Montgomery
Telegraph ave. Key Route station, cor. 40th st., Central Oakland.

Fine Hotel Site

We are instructed to sell quick a beautiful corner lot 100x125; practically in the heart of Oakland, on 12th st. with a four-story building, including a high 12-ft. well-lighted basement; also fine water plant and ELEVATOR. This building at a reasonable expense can be made into about 112 fine large rooms. Oakland is certainly in need of a good Hotel; and it will pay any one interested on these lines to see us about this property at once. It will pay more than 14 per cent on the investment.

SELLING FAKE UNION CARDS

Mean Swindle Is Worked On New York Laboring Men.

NEW YORK, July 7.—Assistant District Attorney Murphy had before him thirty witnesses yesterday whom he examined closely in reference to the charge of larceny against Samuel Platt, secretary of No. 8 of the Smiths and Bridgemen's Union. Platt was held Thursday by a police magistrate on complaint of Lewis Miller, who alleged that he had paid $150 to Platt for a union card and its accompanying membership in the union, which had after all turned out to be bogus, in that it had not been authorized by the union. Platt's examination was set for next Monday.

It is said that the district attorney's office has learned that there was a plot to issue bogus cards to unskilled workmen for the personal profit of those engaged in the plot. As operations by men in the scheme are said to have issued over fifty of the cards and to have made away with something like $5000.

A party to the swindle is said to be a Jersey man, who, it is alleged, induced twenty-five members of his congregation to buy the bogus cards at prices ranging from $100 to $150.

A peculiar feature of the swindle is that nearly all of the men who bought the bogus union cards are poor and borrowed the money to pay the swindler.

WALDIER WILL HAVE TRIAL ON JULY 18TH.

ALAMEDA, July 7.—Edward Waldier, alias "Hayes," who is accused of battering Mrs. Maggie Lynch is to be tried by Justice of the Peace P. S. Cone on Monday, July 16. The date was set upon a stipulation arranged by the district attorney's office with Attorney John P. Drew, who is to represent the accused.

The case has attracted considerable attention because the assault was witnessed by Miss Maud Waymire, daughter of Judge J. A. Waymire, and who is to appear as a witness.

OAKLAND MAN IS KILLED ACROSS BAY

SAN FRANCISCO, July 7.—George Ball, a foreman carpenter employed on the Emma Butler building at Stockton and Geary streets, fell to the street from the fourth floor yesterday and was instantly killed.

The body was taken to the Central Emergency hospital, but was transferred to the morgue.

Ball was a widower, and lived with a small son at 959½ Washington street, Oakland.

MRS. CROWLEY'S SONG MAKES GREAT SUCCESS

The friends of Mrs. Alma Crowley, as well as music lovers generally, will be pleased to know that that lady's most recent musical composition, "San Francisco Fallen Only to Rise Again," has found favor everywhere with people who have heard it sung. Copies of it are in demand at all the music stores. Its rendition at the Elks' club aroused critical admiration. To satisfy popular demand in the matter the song will again be sung at each performance at the Novelty theater in this city next week. On the succeeding week the composition will be the choice of San Francisco audiences.

THE HOBBY GAME.

Nothing is better than this game to break the ice at the start of an evening party, and it gives rise at once with one another. It makes plenty of fun and laughter, and it always produces a feeling of good fellowship.

Each guest as he arrives, is handed a slip on which is written what is written on the slip can be seen. On each slip is the name of the guest, with some hobby or other some joke or other thing relating to him or her, if the guest be a married man.

The guests are led into a room where a blackboard has been set up, and take seats in a semicircle facing the board. The host stands near the board, and beginning at one end of the semicircle, shows each guest in turn to the board, and requests him or her to make a drawing of the thing written on his or her slip of paper. The drawing may be ever so crude and ridiculous, provided it gives some hint of the subject.

The guests then try to guess what the subject was, and those that succeed have their tallies punched or marked.

The next player in order, then goes to the board and the other players guess as before, and so on, until all the players have made an illustration of the subject written on their several papers.

The tallies are then examined and a prize awarded to the player who made the most correct guesses.

WHEAT AND OTHER GRAINS.

WHEAT—Foreign futures were lower. Chicago showed no particular change.

The Modern Miller says: "Reports from millers located in the principal winter Wheat growing sections show the following: Except in Kansas most millers report Wheat up to or above expectation. The quality is good, generally better than last year, and is the best in many years. A large movement is looked for with favorable weather In Texas the yield is below expectations and the quality of the grain is only fair and farmers are selling from the thresher. In Nebraska and Michigan the crop is smaller than last year, though larger than was expected some time ago"

Toledo wires "Average yield of Wheat per acre in Missouri, 14 bushels, crop 31,000,000 bushels, last year 30,000,000 Condition, June, 77, 90 per cent harvested by June 30; quality, 94."

In this market the spot grain remained about as before quoted, without much doing. Futures were rather lower.

BARLEY—Feed showed a still wider range in quotations yesterday. Common, mixed with burr clover, was offered down to 90c. At the same time, choice bright was held at the top quotation. The average run was quoted at 95@97½c. Futures were slightly firmer

HAY AND FEEDSTUFFS.

Bran is 50c higher. Other Feedstuffs are unchanged.

Of the receipts of 508 tons of Hay yesterday there were only 14 cars, all the rest coming in by water. The market was reported weak. It is possible that prices for the new crop will be established today.

The Chicago Record-Herald of yesterday said: "The verdict of the 450 delegates to the National Hay Dealers' Association, which concluded its session at Put-in-Bay last night, was rather startling. The consensus of opinion was that the total Hay crop this year will not exceed 75 per cent of the average of the last year's and 60 to 65 per cent of last year's crop The clover crop was voted a practical failure and timothy thin on the ground and short."

STRAW—30@55c per bale.

POTATOES, ONIONS, VEGETABLES.

Receipts of new Potatoes continued to diminish yesterday's arrivals being barely sufficient for trade wants, and the market was very firm in consequence, with choice stock cleaning up rapidly at improved prices. Yellow Onions remained firm at the old quotations, while river reds were largely nominal, there being very little good stock offering.

Green Corn continued to pour in from various sections, principally from Alameda, and the market was demoralized, with receivers trying to force sales by making liberal concessions to buyers. Carried-over lots were practically unsalable, although offered at 15@25c per sack. With few exceptions the other Vegetables were inclined to easiness. Another car of Mississippi Tomatoes was marketed and the receivers were asking $1.35@1.50 per crate.

POTATOES—New crop, in boxes, 90c@$1.50 per ctl; sacks, 75c@$1 per ctl; old crop Oregon Burbanks, 65@90c per ctl

POULTRY.

The Poultry market was in fair shape and kept well cleaned up, the receipts being light and trade of fair proportions. Large young Chickens still led in point of demand and firmness.

POULTRY—Per dozen: Hens, $5.50@6 50 for large and $3.50@4.50 for small; old Roosters, $3 50@4, young Roosters, $5@7; Fryers, $3 50@4 50, large Broilers, $2@$3.50; small Broilers, $2@2.50; Pigeons, $1@1.25; Squabs, $1.25@1.50.

BUTTER, CHEESE AND EGGS.

The feature of the market was a sharp jump in new California Cheese, flats advancing 1c and Young Americas 1½c per pound. The filling of some large shipping orders was given as the direct cause of the advance, though Young Americas have been in rather short supply for some little time.

The Butter market was steady under a good, healthy demand for local consumption, besides a fair inquiry for shipment. One buyer paid a substantial advance for Creamery extras on the exchange, but the official quotation was unchanged, there being plenty of stock obtainable at the quoted price. Packing stock was half a cent higher for No. 1.

Fresh Eggs were in good demand and steady, although there was a feeling of uneasiness in some quarters, due to the competition of Eastern stock, which was offering freely on the street at 18½c for firsts and 16c for seconds.

Sales on the exchange were as follows: Butter—10 boxes and 10 half boxes at 21½c; 20 half boxes at 21c and 30 at 20½c. Cheese—25 new flats at 11c and 25 Young Americas at 12½c.

Receipts were 52,100 lbs Butter, 20,000 lbs Cheese and 568 cases Eggs.

The official quotations, as established by sales, bids and offers on the floor of the Dairy Exchange, are as follows:

BUTTER—Fresh Creamery, extras, 20½c per lb, steady; do firsts, 19c, steady; seconds, 18c, steady; packing stock, firm, at 16½c for No. 1 and 15c for No. 2.

CHEESE—California new flats, 11c per lb, firm; Young America, 12½c, firm; Eastern storage, 16½c, steady; Western new 15c, steady.

EGGS—California fresh selected, 21c per dozen, steady; firsts, 19c, steady; seconds, 18c, steady.

DECIDUOUS AND CITRUS FRUITS.

Receipts of deciduous fruits continued heavy, but the market was not so badly congested as on the preceding day and prices for several descriptions showed some improvement. Fresh arrivals of Figs did a little better and slightly higher prices ruled for Cherries, Currants, loose Apricots and choice Plums. Quotations for the latter had a wide range as to variety, fine Peach Plums being in good request at $1 per crate, while the common kinds were selling around 50@60c. Highly colored offerings of fine Apples were in good demand at stiff rates, but the market was overstocked with trashy stock, for which there were no regular prices. The canners were taking Apricots at $40@60 per ton and were also buying Malinda Strawberries and black Loganberries. Another carload of Watermelons came in from the Coachella Valley and the Melons were held at 3c per pound.

BERRIES — Strawberries, $5@7 per chest for Longworths and $3.50@5 for the large varieties, Blackberries, $3.50@5 per chest; Raspberries, $4@7 per chest; Loganberries, $4@5 per chest for red and $2@3.50 for black.

NEW YORK MARKET.

NEW YORK, July 7.—The upward movement of stocks which was in progress when the market closed yesterday was continued at the opening today. The notable strength was in the same quarters as in yesterday's movement. Reading rose 1¼. St. Paul 1⅛, Northern Pacific and General Electric and Great Northern preferred and Canadian Pacific large fractions.

St. Paul led a profit-taking movement that began as soon as the first prices had been made, and a reaction of a point in St. Paul and a loss of as much in Brooklyn Transit threw prices back. Not much stock came out in the general list and a demand which developed later caused a broad rise in many important stocks. Prices were a fraction off at the end of the hour and trading was dull. Great Northern preferred rose an extreme 8 points, Northern Pacific 8¼, Wabash preferred 2, St. Paul 1 and Reading 1⅝, Delaware and Hudson 1⅝.

SEND YOUR MIND ABROAD.

We recommend all of our young readers to spend this summer abroad. We see no reason why any of you should stay at home, going through the same old humdrum round. Remember that it is vacation time, that you are free to ego away from your home surroundings and to become acquainted with new lands, new scenes, new people, new ways of thinking. It may well be that there are reasons preventing you from taking one very valuable part of your possessions, namely, yourself. But there is nothing to prevent any of you from going, as the boys say, "in your mind," to Rome, Venice, Florence, Paris, London, and becoming acquainted with the people who have made old times glorious, old ruins famous, old fields of battle sacred. So, we repeat, be sure that you send at least your imagination on a foreign trip. Get away from the old reading ruts, cross the seas either afloat or of time, and breathe a different air.—St. Nicholas.

A WELL TIMED SERMON.

Prophet Crowdy, who has established a strange sect in Plainfield, N. J., is an immensely tall, stout man, with a resonant, deep voice and a good sense of humor.

As he preached on Sunday in Plainfield, an auditor consulted his watch, whereupon the prophet, smiling, said:

"Put up that watch, please, brother. Don't put me in the position of Bishop X of Philadelphia.

"Bishop X preached one day last month on earthquakes, and after the service a man said to him:

" 'An excellent sermon, bishop, and well timed.'

"The bishop smiled bitterly as he answered:

" 'Yes, it certainly was well timed. Half the congregation had their watches out all the while I talked.' "—Philadel-

To Be Erected on Beautiful Lake Merritt

A Short Description of Oakland's New Hotel, THE LAKESHORE, to be Built and Conducted by the Charles Newman Hotel Company.

Centrally and beautifully located on the west shore of Lake Merritt, one of the most charming and picturesque locations of Alameda County, with a frontage of 184 feet, and 380 feet in depth, the Lakeshore will have the most beautiful location of any California Hotel.

Large, generous piazzas on the front and sides, deep covered carriage entrances, large roomy corridors, and a great court similar in design to the famous Palm Garden of the Palace Hotel of San Francisco. Magnificent offices will be located in the large lobby which approaches the court. A wide cross-corridor reaches from side to side of the building, connecting the secondary entrances with the lobby.

The ground floor will contain commodious reception rooms, writing rooms and waiting rooms. A large cafe and out-door hanging garden will overlook the attractive grounds and Lake Merritt.

The main dining room will be located on the second floor over the cafe. Provision is also being made for a number of private dining rooms adjacent to the same, while on the top floor a fine banquet hall, seating 300 persons, will be provided for.

The basement, which will be above ground, will contain bowling alleys, billiard rooms, baths, etc., for the convenience and accommodation of the guests.

There will also be a large rathskeller in the basement and a commodious roof garden.

There will be 200 rooms arranged with a large number of bath-rooms so connected that a large variety in accommodation may be furnished.

The plans provide for a building up-to-date in every respect with fine finish and splendidly equipped throughout. It will be hot water heated and electric lighted throughout and will be under the able management of Charles Newman, who was the successful manager of the Russ House in San Francisco.

The subscription lists of the new hotel company have been before the investing public of Oakland for a very short time, and the amounts already subscribed show the absolute strength and attractive qualities of this high-class investment proposition.

For a limited time the preferred shares of the Charles Newman Hotel Company can be had at par value, at $1.00 per share.

As an investment proposition, and as a proposition which will rapidly increase the interests of the traveling public as well as the investing public in Oakland, nothing can be so far conductive to the best results as the erection of this magnificent hotel.

PRESIDENT IS MUCH PLEASED

Writes Letter Expressing Gratification at Soldiers' Marksmanship.

WASHINGTON, July 7.—In a letter to Acting Secretary Oliver, President Roosevelt has expressed his gratification at the remarkable progress that is being made by the enlisted men of the army in marksmanship. Before the Spanish war, the American private soldier was admittedly the finest shot in the world. The addition of the large number of volunteers had the effect of greatly reducing the average of the riflemen. But since the reorganization of the army following the war, every effort has been made to stimulate interest in marksmanship and the result is that today the average is probably as high, if not higher, than it was at the beginning of the war.

The figures laid before the President that elicited his approval showed that in 1903 there were in the whole army fifty-eight expert riflemen, 349 sharpshooters and 500 marksmen as the various grades are known technically. In the following year these figures had increased to 264 expert riflemen, 1439 sharpshooters and 2484 marksmen. Now it is shown that last year the record stood 596 expert riflemen, 3371 sharpshooters and 3436 marksmen.

General Oliver attributed the improvement in large part to the fact that Congress has allowed an increase of pay of $3 per month in the case of expert riflemen, $2 for sharpshooters and $1 for marksmen.

DECIDES BIDAMIN IS NOT MAYOR

TERRE HAUTE, Ind., July 7.—Judge W. D. Robinson of the Indiana Appellate Court, sitting as special judge in the petition of Mayor Edwin Bidamin to restrain Frank M. Buckingham from assuming the office of Mayor, dissolved the temporary restraining order yesterday, and held that the action of the City Council in ousting Mayor Bidamin was legal, and that Bidamin had no claim on the office. Buckingham, who was comptroller, became Mayor on the impeachment and removal of Bidamin. Pending the ruling on the legality of the Council's action, the city has been without an official head and all municipal business has been tied up.

CITY'S GROWTH IS INDICATED

License Collections For Year Show Tremendous Gain Over Previous One.

A comparison of the amounts collected in license fees during the fiscal year just ended, shown by the monthly reports and the report for the year of the license inspector's office, shows an increase of $16,583.10 over the fiscal year 1904-1905. Such an increase demonstrates that in the last year there has been a large increase in the commercial activity of this city.

The increase of the last fiscal year is far in advance of the increase shown at the end of the preceeding year over that of 1903-1904, which was only $6176.50. The figures of the fiscal year just ended show a net increase of $10,412.60.

THINKS THAT BOY HAS RUN AWAY

Mrs. P. J. Keller, residing at 3822 Piedmont avenue, reported to the police this morning that her seven-year-old son, Frank Keller, had disappeared from his home last night and had not been seen since that time, although careful search has been made for him.

The mother believes that the lad has run away from home, and she asked that a lookout be kept for him by the police.

WRIT DENIED MAYOR ROSE

Kansas City Official to Appeal Case to Supreme Court.

KANSAS CITY, July 7.—As a writ of error was denied to Mayor W. W. Rose by the Kansas State Supreme Court yesterday, after he had been found guilty of contempt, ordered to vacate his office and fined $1,000, his attorneys may take the motion for a writ to the United States Supreme Court. The court gave Mayor Rose only twenty days within which to pay the fine or go to jail, and it is considered questionable whether he can secure an order from the higher court in time to prevent the carrying out of the State court's action.

AMUSEMENTS.

"Olivette," with charming Hope Mayne in the title role and Sybil Pago as Countess Bathilde, will be given for the last times tonight and tomorrow afternoon and night at Idaro Park.

On Monday night a superb spectacular production of the great military opera, "When Johnny Comes Marching Home," will be given with an increased company, and over 100 people on the stage, including a company of soldiers.

This unique opera is written around incidents of the late civil war and is quite a departure from the ordinary comic opera.

The costumes are the correct ones of the early sixties, the girls all wearing the "hoop skirts" so popular in those days. The quaint hair dressing and other peculiarities of our fathers are strictly adhered to, the result being most picturesque and beautiful.

The full strength of the excellent Idora Park Opera Company will be called on and several additional principals have been engaged specially for this production.

Hannah Davis, who plays the part of the boy spy is an admirable actress with a splendid dramatic soprano voice. Frank W. Thompson, one of the best known business and clubmen of San Francisco and a popular member of the Masonic fraternity as well as the Elks, Eagles, Corinthian Yacht and Olympic Clubs will make his professional debut. Thompson is a magnificent specimen of the true type of American manhood and is the possessor of a glorious basso voice which has been thoroughly trained. He will be a welcome addition to the company.

Arthur Cunningham will play Johnny, and to hear this fine artist sing "My Own United States" is worth going miles for.

Ferris Hartman and Paul Steindorff were responsible for the first production of this opera in California and as both of them are now at Idora Park we may expect a nigh perfect production in every detail.

The management has spared no expense to make this the big hit of the year and the pretty little theater will be crowded at every performance of this patriotic work.

Seats may be secured a week in advance at Sherman, Clay & Co.'s music store, corner Thirteenth and Broadway, from 9 until 5 daily.

AT YE LIBERTY.

"Mizpah" has had a remarkable run at Ye Liberty Theater during the week. The performance has been high class and every detail has been up to the mark. Bishop's fine company never handles a show in poor style. So successful has been the play this week that it will be repeated all next week. Frank Underwood, the popular star at Ye Liberty, is winning new laurels in the role of king.

MACDONOUGH.

The Elleford Compan ywill present for the tenth week of its season at the Macdonough, which begins Monday night the merry comedy, "A Royal Reception." It was written by Mrs. Romualdo Pacheco, the widow of the first governor of this state, and was originally produced under the title of "Incog" by Charles Dickson and a notable cast, which included Louis Mann, Ellen Berg, Clara Lipman and Lillian Burkhardt. It scored a success throughout the chief cities of the United States and was declared by the press to be one of the wittiest and cleverest plays that have been given the stage. This will be the first time anywhere of it at 10, 20 and 30-cent prices. The fun of "A Royal Reception" is caused by complications which result from the astounding resemblance of three young men to each other. It is particularly suited to the Elleford Company and an entertainment of rare enjoyment may be relied upon. Norval Macgregor will have Charles Dickson's character of Tom Stanhope, which should fit him like the proverbial glove, for he is a capital light comedian. George Hernandez will be in his element as the irascible General Stanhope. George Webster and William R. Abrams will respectively play Dick and Harry Winters, the twins. Their dromio likeness should stand them in excellent stead and enable them to perfectly realize the roles. Jim Corrigan will depart from his custom if he does not make a hit as Dr. Siegried Hartmann, the proprietor of the sanitarium. Pretty Metta Chamberlain is cast as Kate Armytage and it will be surprising if Mattie Lloyd Luce does not make the triumph of her career as the "laughing girl" Molly Somers. Anna Dodge as the crying wife, Mrs. Winters, Alpha Gertrude Clark as Isabel Howard, Lloyd Edwards as Ned Moreland and Wallace Howe as Matthew Surveleye will complete the cast.

NOVEYTY THEATER.

At the Novelty Theater next week a show of exceptional strength will be the offering. The first of the great acts will be the "Broadway Trio," known from one end of the continent to the other as New York's favorite singing and dancing trio. Without doubt they are the best people in their line ever seen here and will be sure to please the Novelty patrons. Then comes the eminent legitimate comedian Ralph Cummings and his company of three in their hilarious comedy "A Game of Hearts." This is said to be the funniest and best acted farce ever produced on the popular priced vaudeville stage and will no doubt be as big a hit here as elsewhere. Eduard Waldmann and company, another big sensation in the east, will offer his great interpretation in one act of the well-known psychological study play, "Dr. Jekyll and Mr. Hyde." This promises to be one of the vaudeville sensations of the present season. Mr. Waldmann has been a stock star at the leading German-American theater in New York city for the past three seasons. Mrs. Alma A. Crowley's great song about the San Francisco disaster will again be produced, illustrated, by special request. This same song was rendered last week and made such a profound impression that many people who did not have a chance to hear it have requested that it again be done, and the management have decided to give it another week. Several other acts other than those already mentioned and some new novelties in the moving-picture line will complete an excellent show for the popular Broadway vaudeville theater, the Novelty, for next week.

BEKIN HAD LAMPS, BUT SHORT ON OIL

Martin Beekin, proprietor of Bekins' Van and Storage Company, charged with violation of the ordinance requiring lights on all automobiles, pleaded guilty in department 1 of the police court this morning, but as it was shown that he had simply taken his machine to the garage after the oil in his lamp was exhausted, Acting Police Judge Quinn suspended judgment and released the bail of the defendant.

HURRYING CAR TAKES A TUMBLE

BERKELEY, July 7.—With five women passengers on board, a car of the College avenue line jumped the track at Alcatraz and College avenues shortly before 11 o'clock. It was going at full speed when it struck an open switch at Alcatraz avenue, and after keeling over it slid for some distance on its side. The passengers and the conductor escaped without a scratch, but Motorman Hamilton sustained some painful bruises and was cut by broken glass about the hands and face. Some time ago a similar accident occurred at the same place.

The wrecked car was towed to the shop shortly after the accident, and traffic was but slightly interfered with.

CASTRO'S ENEMY JOINS N. Y. COLONY

NEW YORK, July 7.—The transient colony of prominent Venezuelans in this city, whose members are men not friendly with President Castro, has been increased by the arrival here of General Ramon Ayala, former vice-president and ex-minister of war of Venezuela. He arrived unexpectedly and unannounced a few days ago from Fort de France, Hayti, accompanied by his wife and two sons. General Ayala and his family are staying at a local hotel. General Ayala is another of the once politically powerful men in the Castro government who have either deserted him or have been repudiated by the president.

Generals Ayala and Castro became estranged over personal matters, and General Ayala became a strong supporter of General Vicente Gomez, vice-president of the republic, who, in Castro's absence from Caracas, has been president ad interim. He left Venezuela shortly before the time announced for Castro's return to power, following the example of many other Gomez followers not in accord with Castro.

General Ayala declares that his visit north is a mere jaunt for recreation. The general has a reputation in Venezuela as a fighter. During the Matos rebellion Castro sent General Ayala into the field against the army of General Segundo Riera. His campaign resulted disastrously. He was captured and held a prisoner for several months.

General Ayala was minister of war during the blockade of the Venezuela coast a few years ago by England, Germany and Italy.

HORSES INELIGIBLE.

NEW YORK, July 7.—The stewards of the Jockey club today declared the horses Go Between and Ormondes ineligible for the Commonwealth handicap.

CONDITION OF CITY SEWERS

City Engineer Makes Statement Regarding Erroneous Report.

City Engineer Turner in speaking about the sewer system of Oakland, this morning made the following statement:

"An error by some mischance has been made in stating that all our sewers have had their outlets closed and sewage was stagnant therein, and therefore a sewer bond issue was needed. There are, in fact, only two sewers which have had stoppages by breaks, and those were only temporary; but the necessity for new outlets arises from, first, the inadequate sizes and bad state of disrepair of many of the old sewer outlets, which were built only in a temporary manner, and, second, the imminent prospect of a number of our most important sewers being closed by the construction of bulkheads and tide flat reclamation along our water front. The two most important sewer outlets are the main Lake sewer, and the Thirty-sixth street outlet sewer, both ending at the bay on the western side of the city, one at Twenty-second street, and the other near the Key Route pier. A pile bulkhead is now being built from the Mole to the Key Route pier for the purpose of holding dredgings. When all this is done, both these sewers, of course, will be blocked. It is impossible for the city to find enough funds from current revenue to do this work and hence resort to a bond issue. Along the estuary a similar state of things exists on account of new bulkheading, and it is imperative that these expenditures be provided for as early as possible."

A Modern Miracle.
"Truly miraculous seemed the recovery of Mrs. Mollie Holt of this place," writes J. O. R. Hooper, Woodford, Tenn., "she was so wasted by coughing up pus from her lungs. Doctors declared her end so near that her family had watched by her bedside forty-eight hours; when, at my urgent request, Dr. King's New Discovery was given her, with the astonishing result that improvement began, and continued until she finally completely recovered, and is a healthy woman today." Guaranteed cure for coughs and colds. 50c and $1, at Osgood Bros., druggists, Seventh and Broadway and Twelfth and Washington. Trial bottle free.
